Flowers have fascinated artists and the lay community alike for generations. Although they're most fully appreciated visually, there's a particular internal quality present in them that is difficult to overlook. At overstockArt, our floral paintings collection examines the flower through a number of different lenses throughout time.

Browse famous paintings by artists Claude Monet, Winslow Homer, William Bradford, Vincent Van Gogh and Edward Hopper. Our sailboat paintings include scenes from New England to tropical islands. Depending on the mood you want to set, choose a painting that contains darker, more ominous colors for a New England, stormy feel, or transform a boring room into an upbeat tiki scene with bright colors and beautiful boats.

All great artists begin their careers with learning how to paint the "still life", a painting of an inanimate object whose shading and detail must be captured after hours of laborious practice. OverstockArt has a large collection of still-life paintings that are much more than just practice sketches by unknown artists, but rather unique takes on inanimate objects done by already-masterful painters. Browse these still-life oil painting reproductions of the classic floral arrangements, fruit bowls and kitchen items seen from the point of views of art history's most creative, thoughtful minds.

FAMOUS ART THEMED GLASS ORNAMENTS

For a unique gift that any art lover will cherish, check out overstockArt's selection of unique hand-painted ornaments. From the inside, each one is carefully painted in painstaking detail to create an accurate reproduction of the original work of art in ornament form. Whether it's Van Gogh's "Starry Night" or Klimt's "The Kiss," these hand-painted glass ornaments are so beautiful that you won't want to limit them to the holidays alone. Instead, they make for stunning year-round displays in any home, office or business setting.

HAND-CARVED COCONUT BOWLS

The Pearlescent Rain is a concept that came unexpectedly. As the tear drops sank onto the bowl, the pearly gates opened and layered this coconut bowl in its pearlescent lacquer. A beautiful raindrop inspired for a unique table, wall, or coffee table decoration that is sure to brighten up the place with its iridescent mother of pearl lacquer. Use this bowl as you may, but we suggest adding it to the aforementioned locations to hold little knick knacks, jewelry even, if you're so inclined. A vanity works too, if you want your make up to sit in it. Please keep in mind that these bowls are not meant to be microwaved, used to cook on the stove with, or used for meals. They are purely decorative works only.
