# find your balance

Home is our  
antidote to the  
stresses of  
modern life.

Make your bedroom and bath a sanctuary where you can relax and recharge. We travel the globe to source and design the softest, most comfortable bedding to help you get your best night's sleep—from breathable linen woven from Belgian flax, to GOTS-certified organic cotton, to silky, sustainably made TENCEL™ Lyocell, to our new eco-friendly hemp sheets. All in soothing colors to create a home that's in harmony with your life and the earth.

## Organic

Certified organically grown cotton that's safer for you and better for the environment.

## Fair Trade Certified™

Made in a factory where workers' rights are protected and they receive extra funds to invest in their communities.

## Sustainably Sourced

Forest Stewardship Council® (FSC®)-certified wood or wood grown in responsibly managed forests; or which uses recycled or reclaimed materials.

Add richness to the relaxed simplicity of linen by layering a less-expected mix of hues. Our Belgian Flax Linen Duvet Cover now comes in a dozen different colors, including earthy shades of Terracotta, Olive and Washed Blue Gemstone, for a natural approach to a beautiful bed.

# Belgian flax linen

Linen is a modern heirloom: It's breathable, temperature-regulating and long-lasting, and it has a lightly textured feel that gets softer and smoother with every wash. Linen also boasts natural antibacterial and hypoallergenic properties. Our company is the first to offer Fair Trade Certified™ linen bedding.

Fair Trade

**Bottom line:** Linen is ideal for people who sleep hot or like a relaxed, natural look and don't mind a few wrinkles.

Plant-based dyes, such as purple-leaf plum (gray), eucalyptus (dark flax) and wood root (blue), color our stripes.

## hemp's high points

### Good for the earth

Hemp needs no irrigation, uses half as much water and land as cotton, and doesn't require pesticides. It actually improves the soil, extracting toxins and pollutants and absorbing CO<sub>2</sub>.

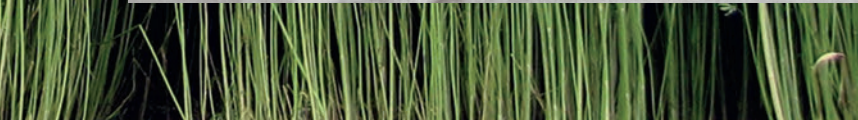

### Durable & lasting

We blend our hemp with organic cotton for a softer feel. Like linen, it has a natural texture that gets softer over time, but hemp wrinkles less.

### Absorbent & breathable

Hemp absorbs moisture well for a comfortable sleep and is naturally antibacterial.

### Fair Trade Certified™

# naturally dyed hemp

Fair Trade

Our newest bedding is woven from hemp. Yes, it's made from the cannabis sativa plant (which wasn't legal to grow or sell in the U.S. until 2018), but the only contact high you'll get is pure comfort. Hemp bedding is absorbent and durable, and we've blended ours with organic cotton for softness. Think slightly heavier linen with a comfortable drape. Our hemp bedding is striped with all-natural plant dyes and is Fair Trade Certified™.

# a modern spin on laundry

“Laundry is an  
easy starting point  
for living more  
sustainably.”

—Corinna & Theresa Williams

Co-founders of Celsius in Brooklyn  
[@celsius\\_social](#)

## tips from Celsious for a greener clean

---

### Use natural detergents

Many ingredients are detrimental to the environment and your health. As with food labels, look for fewer than 5 ingredients. The detergent at Celsious has only baking soda, washing soda and vegetable soap.

---

### Alternate warm & cold washes

Cold water uses the least energy, but warm and hot water clean better, so alternate, using hot water just for dirtier loads.

---

### Try wool dryer balls

They'll last 1,000 loads, speed up drying time, soften fabric, lessen wrinkling, remove static, and are much less toxic than single-use softener sheets.

---

### Line dry when possible

It not only saves energy, it's much gentler on fibers. If you can dry linens outside, the sun's UV rays will help kill bacteria, eliminate odors and brighten whites.

**W**hen sisters Corinna and Theresa Williams moved to New York City, after growing up in Germany, they couldn't believe how unappealing the public laundromats were. Two years ago, they opened Celsious in their Williamsburg, Brooklyn, neighborhood, a laundromat specializing in sustainable cleaning, with an inviting, modern design and an organic cafe. Using top-of-the-line, energy-efficient Electrolux washers and dryers and all-natural detergents, and educating customers on how to avoid toxic chemicals, they've not only created New York's hippest laundromat but also its most earth- and people-friendly one.

Items shipped to Alaska, Hawaii and U.S. territories (including Puerto Rico) are delivered by UPS or USPS with an additional charge of \$10. Some heavy or oversized items cannot be shipped outside the 48 contiguous states. For rush delivery within the contiguous 48 states, add \$17.50 per address.
