playa collection

This year, we've greatly expanded our well-priced Playa Collection. Look for sectional options, a chaise lounge, expandable dining and more, all in sustainably sourced, solid mahogany and eucalyptus.

A photograph of an outdoor dining set in a garden setting. In the foreground, a light-colored wooden table and two matching wooden benches are arranged on a patio. The table is set with a bottle of wine, a pitcher of lemonade, a bowl of cookies, and a vase with white flowers. A black wicker chair is tucked under the table. A large, striped outdoor rug is laid out on the patio. In the background, a swimming pool is visible, surrounded by a stone wall and lush greenery.

mix & match

Our outdoor tables & chairs are designed to let you mix things up. Opt for matching chairs & benches (add Sunbrella® cushions for a pop of color) or create contrast with our woven Slope Dining Chairs and other options.

playa collection

Our well-priced, Scandi-inspired collection is crafted from FSC®-certified mahogany and eucalyptus in a slatted design with a warm, water-based finish. This small-space-friendly collection features a reversible chaise sectional, expandable table and more.

Bottom line: Playa offers well-built modern style at a great price.

caring for your outdoor furniture

- **Wood:** Clean with mild soap and water using a soft plastic brush; rinse and let dry thoroughly. Use furniture covers in heavy rain and winter. Our touch-up kits can help camouflage scratches or minor damage.
- **All-weather wicker, mesh and cord:** To clean, just hose off or use natural soap and water with a soft bristle brush. Store under cover or protect with furniture covers off-season.
- **Metal:** Powder coating prevents rust and makes metal weather-resistant. Clean with a nonabrasive cleanser and store in a dry, protected location or with covers during the off-season.
- **Tile:** Clean with soap and water using a nonabrasive sponge. Store indoors or in a protected space during cold winters.
- **Cement and cast concrete:** Cover or store in a dry location in bad weather; don't let water pool and sit on the surface, as it can stain.
- **Outdoor fabric cushions:** Bring indoors or under cover when not in use. If they get wet, thoroughly air dry afterward.
