# THE PINNACLE 4X4 HISTORY

As 4x4 installation specialists we can provide the advise you need to get the upgrades you want, with gear that suits your application.

Providing independent installation services means we aren't pressuring you to purchase any particular brand or product.

Our core aim is to work with our customers to understand what they want and need from their vehicle to ensure what they need to achieve what they want is what they get! So you don't find yourself paying twice!

# Our Services

## AT YOUR LAST SERVICE WERE YOU CONFIDENT THE WORKSHOP UNDERSTOOD WHAT YOU USE YOUR VEHICLE FOR?

Do they understand the rigours of touring or four wheeling, did they ask you? Do they think outside of a basic service regime? Knowing your vehicle is fit to get to the destinations of your desire and more importantly home again is paramount to every tourer and four-wheeler! With this knowledge Pinnacle 4x4 carries out all service and maintenance programs, we know that your vehicle needs to be in optimal condition to provide maximum reliability and confidence.

### SO WHAT SEPARATES US FROM THE REST?

- We respect and understand what your vehicle will be required to do beyond the day to day run about, we think beyond basic service schedules.
- We offer unbiased advice, always recommending proactive maintenance measures matched with the highest quality workmanship, we guarantee to never recommend un-necessary repairs.
- With trade qualified staff we can meet the manufacturers requirements and maintain your warranty, so if it's brand new or old faithful we can ensure your vehicle is ready for your next adventure.

If this is what you've been searching for then Pinnacle 4x4 is for you!

## LIKE US, I'M SURE YOU HATE BEING PRESSURED TO PURCHASE A PARTICULAR BRAND BECAUSE OF A PARTICULAR COMPANY'S ALLIANCE WITH CERTAIN BRANDS!

At Pinnacle 4x4 we strive to provide the most unbiased advice, we have achieved this by establishing relationships with all the 4x4 brands that hold great reputations in our industry. This allows us to provide our customers with the products that suits their needs specifically regardless of brand.

We know that it is always best to start with the end goal in mind, that's why we take the time to find out what you need to get out of your vehicle, and provide the best options to meet your requirements and budget, which will save you time and money! We firmly believe that the quality of the product is only half of the total equation, Even the best products fitted poorly will result in situations that are most undesirable.

With that in mind we aim to provide the highest standard in fitting for each and every vehicle! We completely understand that your vehicles accessories should integrate with your vehicle seamlessly, be capable of lasting the distance, without letting you down when it matters most. We know the devil is in the details, we simply don't accept methods of installation that will result in further (costly)repairs down the track that could have been avoided by completing the job correctly in the first place.

### A COUPLE OF EXAMPLES OF THE SMALL DETAILS THAT SETS US APART:

- Secure fixing methods, The use of tek screws as a fastener simply doesn't make the grade!
- Solder joints and insulated rather than scotch locks.
- Deutsch plugs for water proof and reliable connectors.
- Utilizing high grade Stainless steel fasteners where possible.
- Direct fit switches for accessories.
- When your vehicle leaves us we know that the only reason you'll be back is to get the next list of accessories for your vehicle, because we take great pride and care to ensure that your modifications last the distance.in optimal condition to provide maximum reliability and confidence.

## WELCOME TO AIRBAG MAN

AUSTRALIA'S LEADERS IN AIR SUSPENSION

Where you will find the best fully adjustable suspension solution for load carrying & ride quality.

**Firestone**  
World's Number 1 Air Spring.

Airbag man are a proudly Australian owned & operated family business which I established in 1995 representing world renowned companies such as Firestone & Dunlop for the core product we offer AIRBAGS or AIR SPRINGS.

Airbags have many advantages when dealing with actuation & vibration isolation. Specialising in the use of these fantastic products has been interesting & challenging working with design engineers from many different sectors including diverse applications such as film special effects.

Airbag Man has been instrumental over the past twenty years in providing the transport industry with unique air suspension products covering a huge range of vehicle applications. Airbag man were the first in the world to put a Nissan Patrol 4x4 on full air suspension as well as the first caravan.

Designing & manufacturing here in Australia we pride ourselves on producing well designed & easy to install products & operate under ISO9001 Quality Assurance standards.

Our aim is to continuously improve our products & service & respect all people & organisations we deal with.
