Strip Lights

6 Inch LED Strip Light

WDSL-6S03W

**3W** **LED** **RoHS Compliant** **IP65**

- Strip provides even light throughout the truck body
- Less current draw
- Brighter, whiter LED provides more realistic view
- Fits anywhere
- Does not flicker like fluorescent lighting
- Eliminates shadows

Specification

Input voltage	Current draw (12V)	Wattage	Length	LED quantity
DC 9~36V	0.2A	2 Watt	6 inch	6

Luminous flux	Housing color	IP rating	Case material	Lifespan	Operating temperature
200lm	Silver	IP65	Aluminum	50,000 Hours	-30℃ ~ +80℃

Dimensions

214.0 mm(8.43˝)
158.0 mm(6.22˝)
15.0 mm(0.59˝)
4.5 mm(0.18˝)
34.0 mm(1.34˝)

12 Inch LED Strip Light

WDSL-12S06W

6W **LED** **RoHS Compliant** **IP65**

- Strip provides even light throughout the truck body
- Less current draw
- Brighter, whiter LED provides more realistic view
- Fits anywhere
- Does not flicker like fluorescent lighting
- Eliminates shadows

Specification

Input voltage	Current draw (12V)	Wattage	Length	LED quantity
DC 9~36V	0.4A	4.5 Watt	12 inch	12

Luminous flux	Housing color	IP rating	Case material	Lifespan	Operating temperature
400lm	Silver	IP65	Aluminum	50,000 Hours	-30℃ ~ +80℃

Dimensions

364.0 mm(14.33˝)
308.0 mm(12.13˝)
15.0 mm(0.59˝)
4.5 mm(0.18˝)
34.0 mm(1.34˝)

18 Inch LED Strip Light
WDSL-18S09W

9W | **LED** | **RoHS Compliant** | **IP65**

- Strip provides even light throughout the truck body
- Less current draw
- Brighter, whiter LED provides more realistic view
- Fits anywhere
- Does not flicker like fluorescent lighting
- Eliminates shadows

Specification

Input voltage	Current draw (12V)	Wattage	Length	LED quantity
DC 9~36V	0.70A	8 Watt	18 inch	18

Luminous flux	Housing color	IP rating	Case material	Lifespan	Operating temperature
600lm	Silver	IP65	Aluminum	50,000 Hours	-30℃ ~ +80℃

Dimensions

24 Inch LED Strip Light
WDSL-24S12W

**12W** | **LED** | **RoHS Compliant** | **IP65**

- Strip provides even light throughout the truck body
- Less current draw
- Brighter, whiter LED provides more realistic view
- Fits anywhere
- Does not flicker like fluorescent lighting
- Eliminates shadows

Specification

Input voltage	Current draw (12V)	Wattage	Length	LED quantity
DC 9~36V	0.90A	11 Watt	24 inch	24

Luminous flux	Housing color	IP rating	Case material	Lifespan	Operating temperature
800lm	Silver	IP65	Aluminum	50,000 Hours	-30℃ ~ +80℃

Dimensions

Freezer Trailer Light
WDSL-28S10W

**10W** | **LED** | **RoHS Compliant** | **IP65**

- Ideal for use as a ceiling or wall light in refrigerated trucks, freezer trailers, ambulances, driver cabs & storage spaces
- Aluminum + silicon coated flexible LED
- 60 * low-power LED light source (excellent heat dissipation)

Specification

Input voltage	Current draw (12V)	Wattage	Luminous flux	IP rating
DC 24V	0.45A	10 Watt	800lm	IP65

Lifespan	Operating temperature	Beam angle	LED quantity	Length
30,000 Hours	-30℃ ~ +80℃	120°	10	1118.0±5mm

Dimensions

12 Inch LED Bar Light
WDSL-32S06W

6W | **LED** | **RoHS Compliant** | **IP68**

- Strip provides even light throughout the truck body
- Less current draw
- Brighter, whiter LED provides more realistic view
- Fits anywhere
- Does not flicker like fluorescent lighting
- Eliminates shadows
- ECE R10 certified

Specification

Input voltage	Current draw (12V)	Wattage	Length	LED quantity	Luminous flux
DC 9~36V	0.4A	5 Watt	12.8 inch	12	400lm

Housing color	IP rating	Case material	Lifespan	Operating temperature	Color temperature
White	IP68	Aluminum	50,000 Hours	-30℃ ~ +80℃	Warm/Natural/Cool white

Dimensions

38 Inch LED Bar Light
WDSL-32S20W-38

**20W** | **LED** | **RoHS Compliant** | **IP68**

- Strip provides even light throughout the truck body
- Less current draw
- Brighter, whiter LED provides more realistic view
- Fits anywhere
- Does not flicker like fluorescent lighting
- Eliminates shadows

Specification

Input voltage	Current draw (12V)	Wattage	Length	LED quantity	Luminous flux
DC 9~36V	1.72A	20 Watt	38.58 inch	48	1600lm

Housing color	IP rating	Case material	Lifespan	Operating temperature	Color temperature
White	IP68	Aluminum	50,000 Hours	-30℃ ~ +80℃	Warm/Natural/Cool white

Dimensions

300±50mm (11.81")
60±0mm (2.36")
980±1.5mm (38.58")
15.4mm (0.61")
45.0mm (1.77")
239.7mm (9.44")
972mm (38.27")
28.2mm (1.11")

12 Inch LED Bar Light with Switch
WDSL-34S06W-12

**6W** | **LED** | **RoHS Compliant** | **IP68**

- Strip provides even light throughout the truck body
- Less current draw
- Brighter, whiter LED provides more realistic view
- Fits anywhere
- Does not flicker like fluorescent lighting
- Eliminates shadows
- Easy ON/OFF by push button

Specification

Input voltage	Current draw (12V)	Wattage	Length	LED quantity	Luminous flux
DC 9~36V	0.41A	6 Watt	11.37 inch	12	400lm

Housing color	IP rating	Case material	Lifespan	Operating temperature	Color temperature
White	IP68	Aluminum	50,000 Hours	-30℃ ~ +80℃	Warm/Natural/Cool white

Dimensions

60±0mm (2.36") 300±50mm (11.81") 288.7±1mm (11.37") 21.4mm (0.84") 17.8mm (0.70") 15.4mm (0.61") 45.0mm (1.77")
10.3mm (0.41")
Ø7mm (0.28")
Silicon Molding
239.7mm (9.44") 28.2mm (1.11")
280.7mm (11.05")
Tapping Screw M3.5 × 15mm

20 Inch LED Bar Light with Switch

WDSL-34S12W-20

12W | **LED** | **RoHS Compliant** | **IP68**

- Strip provides even light throughout the truck body
- Less current draw
- Brighter, whiter LED provides more realistic view
- Fits anywhere
- Does not flicker like fluorescent lighting
- Eliminates shadows
- Easy ON/OFF by push button

Specification

Input voltage	Current draw (12V)	Wattage	Length	LED quantity	Luminous flux
DC 9~36V	0.86A	12 Watt	20.73 inch	24	800lm

Housing color	IP rating	Case material	Lifespan	Operating temperature	Color temperature
White	IP68	Aluminum	50,000 Hours	-30℃ ~ +80℃	Warm/Natural/Cool white

Dimensions

60±0mm (2.36") 300±50mm (11.81") 526.6±1mm (20.73") 21.4mm (0.84") 17.8mm (0.70") 15.4mm (0.61") 45.0mm (1.77")

10.3mm (0.41")

Silicon Molding

239.7mm (9.44") 239.7mm (9.44") 28.2mm (1.11")

Tapping Screw M3.5 × 15mm

520.5mm (20.49")
