All our pedestals are manufactured and assembled on site, producing a very strong, secure and reliable pedestal. All standard pedestal drawers are produced with a powder coated mild steel drawer wrap, which smoothly glides on nylon runners for a very soft action. With a variety of different sizes and colours, we are sure to have the pedestal to suit your needs. Our standard pedestals are tested and approved to BS4877-7:1998 Test Level 3 and achieved 40,000 cycles with a static load of 20kg without failure.
