

# HOP ALONG FOR A GREAT EASTER DEAL!

ON SALE FROM MONDAY 5TH MARCH - SUNDAY 8TH APRIL 2018

HOT OFFERS  
AND BONUSES

FOUR OF AUSTRALIA'S  
BEST DRIVES

DEALS FROM SOME OF  
AUSTRALIA'S BIGGEST  
AND BEST 4WD BRANDS

With over 40 of Australia's biggest and best 4WD brands in store, your local Opposite Lock team of 4WD specialists will offer you independent and expert advice on everything for your 4WD. Whatever you drive and wherever you want to go.

**"We've got more  
for your 4X4"**

# FOUR OF AUSTRALIA'S BEST DRIVES

Easter is the perfect time to pack your gear and family up and get out and about and experience some of Australia's best drives, we have put together a list of some of Australia's best driving experiences, that are easy enough for beginners to handle, but still bucket list material for even the most experienced off-roader.

Your local Opposite Lock store team love to get out and about and are always happy to have a chat and provide advice as to where they have been, what they have seen and the best places to go.

## Great Ocean Road - VIC

Renowned as one of the most scenic drives in the world, is the Great Ocean Road, which stretches from Geelong to Portland. At 243 kilometres long, the Great Ocean Road is the world's largest war memorial.

The Great Ocean Road also offers beginners the chance to get off the main road and experience the Otways drive which has been rated Easy in dry conditions by Victoria's 4WD Recreational Track Classification System.

## Alice Springs To Uluru And Kings Canyon - NT

With sealed road and off-road options, the drive from Alice Springs to Uluru and through to Kings Canyon, is a must do whatever your driving experience.

The drive will let you tick off two of Australia's natural wonders, through some of the most quintessential Australian landscape in the country.

Some routes do require permits and when travelling in the outback make sure to come prepared and have an adequate safety plan and plenty of provisions.

## Fraser Island - QLD

As the world's largest sand island Fraser Island is the perfect place to get back to basics and sleep under the stars. The island offers a range of locations and drives that lets beginners get the hang of driving on sand, or challenge the more adventurous driver.

Always take some recovery gear, and lower your tyre pressures and remember you will need a permit to drive and stay on the island.

## North Western Route - TAS

Where ever you are in Tassie you aren't too far from some great 4wding. The size of the state means it can offer a mix of bush tracks, beach driving and rocky slopes to suit most driving abilities.

Our pick for off-roaders would have to be the North West Tasmania with a range of tracks graded from easy to hard and some of the most stunning scenery in the world, like the 275-million-year-old Fossil Bluff to break up your trip.

*If you do get away this Easter we would love to see your happy snaps so tag us at*
