HOW DO WE WORK?

STEP 1. MAKING INDIVIDUAL DESIGN

Everything starts with an idea. If you have an idea and you know what you want - that works for us. Knowing the model, having design in mind and logos that must be placed (.cdr, .eps, .pdf vector files) - that is all we need to start working.

STEP 2. PRICE

As soon, as we have an individual design confirmed by you and we know the number of outfits you need, we can count the price of your custom made individual outfits.

STEP 3. MEASURING

Each model has individual measurements system and tables that must be filled in upon an order. Remember to pay attention if model is slim, regular or loosen.

STEP 4. PAYMENT AND DELIVERY

Terms of production depends on either it is season or not. So, it takes about 2-3 weeks since January 15th until the 1st of June. It is about 4-6 weeks since June 1st up to January 15th. However, we can mark your order as 'urgent' - just it is going to be charged extra. We start making the outfits as soon, as payment (or part of it) is made.

STEP 5. GUARANTEES

As you already know, we are in business for more than 28 years. We guess, it confirms our "know-how" along with trust we have from other professionals we dress and cooperate with. Together with the sportswear we produce, we guarantee the quality and exclusiveness. We assure that there are not going to be any problems with the fabric and the construction of our sportswear if you use it following label of care.

OWN VISION

SIZE CHART

HOW TO CHOOSE THE RIGHT SIZE

When taking the measures of your body, you need to be dressed less as it is possible, stand stright, relaxed, without shoes and with empty pockets.

Main measures:

Height.

A Breast size. To measure the widest place of the breast.

C Hips size. To measure the widest place of hips.

Extra measures:

B Waist size. To measure the narrowest place of waist. If you have a belly - please, measure the widest place of waist then.

F Arm lenght. To measure from shoulder to wrist, the arm needs to be bended a bit.

D Step size. To measure from the inside of the leg i.e from groin to the ground.

TECHNOLOGIES

MAIN technology:

WICK-ON
technology

This high-performance microfiber polyester fabric actually pulls sweat away from the body and transports it to the fabric surface - where it evaporates and leaves the skin cool and dry.

Stay dry. Stay comfortable.
No matter what.

REVERSIBLE outfits technology:

FABRIC

30% LIGHTER ONE LAYER REVERSIBLE FABRIC

Do not waste your time thinking of fabric of your reversible set. Spend your time more qualitative reaching the maximum outcome you can gain from your practise. To assure the best of the result, we use much lighter one layer reversible fabric.

Lighter outfit - better practice experience.
