NORTH CAROLINA, USA.

Our products are beautiful in form and function with uncompromising quality. Each and every piece of our furniture is hand crafted in North Carolina by highly experienced men and women using the highest quality coverings and techniques times tested by literally centuries of furniture making. All wooden framed furniture is constructed using one hundred percent solid hardwoods, double doweled, screwed and glued to last a lifetime. Our eight-way hand tied spring system is the hallmark of fine furniture. This process stabilizes the coil springs causing weight to be distributed over the entire seat, no matter the location of the person. The process of doing this right is both time consuming and highly skilled.

FEATURED CHARITY

Books for Keeps works to improve children's reading achievement by addressing barriers related to the accessibility and appeal of reading material. We give books to children whose reading opportunities outside of school might be otherwise limited due to geography, income, or other factors.

www.BooksForKeeps.org

EARTH-FRIENDLY PRACTICE

A much-overlooked advantage of buying the highest quality American made upholstery lies in the longevity of our products - beyond being simply fabulous, they don't end up in a landfill in a handful of years!

We Combine Recycling and Charity by donating our leather offcuts to VIP Unlimited Bands, an organization that partners with domestic violence shelters across the country. VIP Unlimited Bands hires and empowers survivors of domestic violence (Very Important People) who are residing in the shelters' transitional housing and offers them an opportunity to earn money while making the small leather cuffs that converts into a ponytail tie. It's a triple win - a product that is creating new jobs here in America from a new employee pool by reclaiming exquisite leather remnants and scraps.

www.VIPunlimitedBands.com

We truly look forward to doing the right thing by getting better every day and doing our part to enrich the lives of many! Let us know how we can help you, and please share this catalog!
