

# The 8 Best Tool Belts

## 8. Carhartt Legacy Standard- \$31.24

With its water-repellent finish, the Carhartt Legacy Standard is designed to withstand harsh weather and won't get moldy in high humidity environments. It's a good and durable budget option that should stand up to heavy use

## 7-DeWalt DG5641- \$73.99 .

The DeWalt DG5641 is not only a very useful model with eight main pockets, but it also features fully adjustable padded suspenders for superior weight distribution. Its one-size-fits-most design accommodates waists from 29 to 46 inches.

## 6. MagnoGrip 203-017- \$32.35

With magnetic fronts on its bags so you can quickly grab small nails or screws, the MagnoGrip 203-017 is probably one of the most inventive new units on the market. The strong, double-layered ballistic polyester material can stand up to the toughest jobs.

## 5. Custom LeatherCraft Professional Carpenters Combo- \$70.35

When both comfort and ease of movement are necessities, the Custom LeatherCraft Professional Carpenters Combo will exceed expectations. All of its parts are removable and interchangeable, so it can be customized to fit even the most demanding needs.

## 4. Custom LeatherCraft IP489X- \$19.28

With a two-, three-, and four-bag option, the Custom LeatherCraft IP489X is an extremely affordable model that, with a suede exterior, also looks great while wearing it. It's suitable for smaller jobs, but you'll probably need to upgrade if you're carrying a full tool set.

## 3. Rack-A-Tiers 43242- \$170.46

Ideal for heavy duty use, the Rack-A-Tiers 43242 is made with a durable fabric that won't tear or rip. With nine oversized pouches and openings that are lined with nylon webbing, it is perfect for electricians who want quicker access to a large number of tools.

## 2. Custom LeatherCraft 1614- \$92.95

The Custom LeatherCraft 1614 provides true comfort during extended periods of use by incorporating thick shoulder straps, which help evenly distribute the weight across a larger portion of your body and take some strain off the hips. Plus, the whole rig is adjustable.

## 1. Occidental Leather 9855- \$296.64

Featuring a fat lip bag design with room for more equipment than you probably want to carry, the Occidental Leather 9855 is the ideal choice for the professional carpenter. All its pouches have leather-reinforced bottoms and corners, protecting it from wear and tear.
