MermaidTM
Crafted shower and wall panels

We believe we have created products that are a choice not a compromise. Shower panels, splashbacks and flooring that fulfil all the requirements of tiles but with none of the stress.

Products so versatile they will fit beautifully into any room, whatever your chosen style, leaving you able to design and create your ideal space.

Our shower panel range is split between our Acrylic, Composite and Laminate shower panels which are all sold as sheets and kits.

Acrylic

Sheet sizes:

2400 x 600mm
2400 x 900mm
2400 x 1200mm

Sheet Thickness:

4mm

- Shower Panel
- Feature Panels
- Splashbacks
- Vanities

Composite

Tile effect sizes:

200 x 75mm

Sheet sizes:

2440 x 1200mm (Shower & Feature Panel)
1200 x 2440mm (Splashback)

Sheet Thickness:

4mm

- Shower Panel
- Feature Panels

Laminate

Sheet sizes:

2400 x 585mm T&G
2400 x 900mm SQ
2400 x 1200mm SQ

Sheet Thickness:

11mm

- Shower Panel
- Feature Panels
- Vanities

Tile & Plank Flooring

Plank sizes:

146 x 1218mm

Plank Thickness:

5mm

Plank pack size:

11 Planks (1.956m²)

Tile sizes:

305 x 605mm

Tile Thickness:

5mm

Tile pack size:

10 Tiles (1.845m²)

Watertight Guarantee

The Mermaid panel system is guaranteed to remain watertight and waterproof for 15 years from date of purchase. For full terms and conditions see www.mermaidpanels.com

Acrylic

The ultimate modern wall panel, our acrylic panels are the perfect alternative to glass, saving you both time and money.

Our Acrylic panels are both environmentally friendly and manufactured in the UK, using the very highest standard of materials.

They can also be fitted over most existing surfaces, including tiles and will transform any bathroom or shower enclosure instantly.

Laminate

Our laminate range is designed to enliven even the most standard of bathrooms. Using modern technical designs and materials your bathroom can be brought straight into the twenty first century.

Mermaid Laminate Panels are constructed of PLY, covered on the face with high pressure laminate and balancing laminate to the back of the panel.

Our waterproof gluelines are D4 rated.

The shower panels are produced with a square edged finish as standard but a tongue and grooved panel is available where larger wall areas are to be covered.

Laminate Technical

Mermaid Laminate Panels are constructed of PLY, covered on the face with high pressure laminate and balancing laminate to the back of the panel. Our waterproof gluelines are D4 rated. The shower panels are produced with a square edged finish as standard but a tongue and grooved panel is available where larger wall areas are to be covered.

Mermaid profiles come in 2450mm lengths and are available in satin anodised aluminium, white, polished silver and black finishes (unless otherwise indicated).

It is recommended that Mermaid Silicone Sealant and Adhesive is used for all installations.

Profiles	H-Joint	End Cap	Internal Corner	External Corner
Satin Anodised Aluminum	42650	42651	42652	42653
Black	42654	42655	42656	42657
White	42658	42659	42660	42661
Polished Silver	42662	42663	42664	42665
Mermaid Trade Aluminium Bottom Profile 2.4M: 42666				
Mermaid Vinyl Floor Trim: 42667				
Mermaid Multi Purpose Panel Adhesive: 42668				

	<h3>Profiles</h3> <p>Patented design unique to Mermaid Panels. Silicone free high performance join. Allows for accurate panel measurement and cutting to ensure the join always overlaps in sealed areas. Allows for easy installation, as panels do not need to be fitted into corners in a specific sequence. Independently tested and certified by Trada (Timber Research and Development Association).</p>
	<h3>Verti-lock panel joint</h3> <p>Engineered panel joint, on the edge of 585mm panels, to achieve locking fit. Allows for "secret" mechanical fixings to ensure secure fastening to the wall. Super-fine hairline joint. Will not open up over time. Requires hardly any silicone sealant to ensure water tightness.</p>
	<h3>Transeal bottom seal system</h3> <p>Adaptive movement join to ensure constant seal between shower tray and panel base. Utilises specially formulated silicone to achieve highest possible bond strength. Joint flexibility allows tray to deflect up to 10mm whilst under load and ensures a guaranteed leak-free joint.</p> <p>Please see our website for our full range of trims.</p>

Disclaimers

All colours are representative - we recommend you request a sample if these are not on display before ordering.

Although most Mermaid panels can be fitted by any competent tradesperson, for our most technically advanced products such as Ceramic and Glass, we recommend a professional fitter completes a survey and installs.

Watertight Guarantee

The Mermaid panel system is guaranteed to remain watertight and waterproof for 15 years from date of purchase. For full terms and conditions see www.mermaidpanels.com
