Ground Guards Enviromat HDPE

2.4m x 1.2m

Medium Duty Applications

Delivered to UK Mainland Only
ENV48

The Enviromat ground protection mat provides a durable, non-slip surface for vehicles and pedestrians. Made from high-density polyethylene (HDPE), the Enviromat withstands the heaviest of loads without breaking, cracking or de-laminating. Highly portable, strong, ground protection mats to quickly create temporary roadways and vehicle trackways.

Ideal for:

Construction sites

Provide temporary roadways and walkways to protect ground from damage.

Outdoor events

Create paths to guide attendees without harming the surrounding area.

Landscaping

Shield soil and plants during installation and maintenance work.

Key Features

- ✓ Easy to install – quick installation and removal.
- ✓ Handholds in each corner make the mats easy to carry and reposition.
- ✓ Heavy duty highly durable and impact resistant.
- ✓ Reusable.
- ✓ Raised tread pattern, the mat's textured surface provides excellent grip in all weather conditions. Hand holes allow water and debris to fall through.

Ground Guard Promat

2.4m x 1.2m

Light Duty Applications

Delivered to UK Mainland Only
PROMAT

GroundGuards®

Enhance your site's safety with our cost-efficient solution designed to minimise slip and trip risks. This lightweight yet durable mat is simple to manoeuvre and built to withstand heavy-duty applications. It offers great versatility, featuring a double-sided design with a pedestrian-friendly walkway tread on one side and a rugged roadway tread on the other.

Ideal for:

Construction

It safeguards surfaces from damage by heavy machinery, crucial for minimising environmental impacts. Protecting landscapes and underground utilities during access and maintenance work in sensitive areas.

Events

Essential for creating pedestrian walkways and flooring, it protects the ground from heavy foot traffic and equipment.

Oil & Gas

Provides access to remote sites, supporting heavy machinery while reducing environmental disruption and soil compaction.

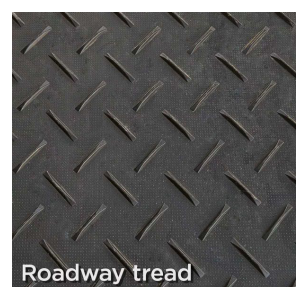

Pathways Over Sand, Mud & Grass

Important for all listed industries, especially in environmentally sensitive or challenging terrains, ensuring access and protection against surface damage.

Key Features

- ✓ A cost-effective solution that reduces slip and trip hazards.
- ✓ Light in weight and robust in performance.
- ✓ Versatile and reversible, walkway tread on one side and a roadway tread on the other.
- ✓ Reliable steel 'clip' joiners ensure a secure and straightforward setup.

Optional Treads

Sonars and Transducers

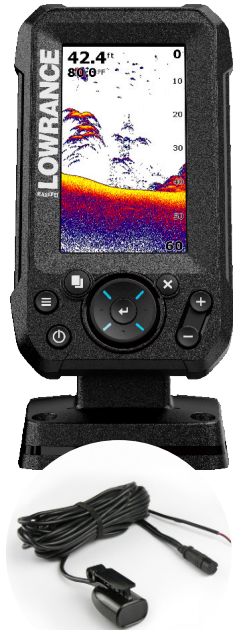

Eagle 4x Sonar With Bullet Skimmer Transducer 000-16110-001

The Lowrance Eagle 4x with Bullet Skimmer Transducer is a compact and user-friendly fish finder particularly suited for kayaks and small fishing boats with limited space.

This 4-inch model benefits from the following features:

- Portrait-Oriented 4-inch Display: Ideal for kayaks and small fishing boats where space is limited.
- IPS Screen: Provides improved resolution, clarity, and visibility from all angles, even in direct sunlight with polarised sunglasses.
- Wide-Angle Sonar: Delivers more coverage of the water column compared to most standalone fish finders, allowing you to cover more water in less time.
- Continuous Right to Left Scroll: Makes it easy to interpret sonar readings and spot fish as the screen scrolls continuously.
- Autotuning Sonar: Automatically adjusts sonar settings for optimal performance, eliminating the need for manual adjustments and ensuring the best possible settings from the start.
- Connector System: Features an improved twist-locking connector for quick and easy installation and removal (compared to older models).

With Lid Shut Off

R/H N461

L/H 32768

Thetford Series 330 triangle left-hand hob with 3 burners and 12V ignition, suitable for recess mounting. This stainless steel hob unit features a hinged black glass lid.

Thetford Topline Series 169 3 Burner Hob

With Shut off Lid
N443/B

Thetford Topline 169 hob unit with 3 burners.

- Flame failure device
- Rattle free, 3x metal cast burners
- 2x 1.5 kw burners & 1x 2.5 kw burner

Thetford Series 345 Rectangular Hob

With Shut Off Lid
N459

Thetford Series 345 Rectangular Hob Unit with 12V ignition.

Dimensions:
100mm x 540mm x 445mm
Worktop Cut-Out:
527mm x 429mm.

Thetford Topline Series 111 Hob & RH Sink Unit

With Shut Off Lid
32748

Thetford Topline 111 recessed 2 burner hob and right hand sink combination unit.

Work Cut Out Dimensions:
888mm x 358mm
Dimensions:
195mm x 900mm x 370mm.

Thetford Series 34 Stainless Bowl

N450

Thetford Series 34 rectangular bowl/sink in stainless steel, with rear hinged black glass lid. Includes sink waste.

Overall dimensions:
140mm x 400mm x 445mm
Inside bowl dimensions:
92mm x 338mm x 280mm.

Thetford Aqua-Magic VI Toilet

With Foot Flush

High Profile
F214IV

The Aqua-Magic® VI toilet by Thetford is designed for optimal space utilisation with its close-to-wall mounting capability. The toilet features a residential-sized SloClose™ seat and cover for enhanced comfort. The foot flush design minimises floor space interference.

Vetus UNIFLEX 16 Flexible Coupling Shaft

30mm V-UNIFL1630
35mm V-UNIFL1635

The UNIFLEX coupling permits a misalignment of 2°. It will centre the shaft to the gearbox, resulting in an ideal flexible coupling for a propeller shaft.

- DIN 6270B = pleasure craft kW (HP)/100 shaft RPM: 5,2 (7,1)
- DIN 6270A = commercial craft kW (HP)/100 shaft RPM : 3,6 (5)

Vetus Propeller Shaft with Nut

1m Stainless Steel
30mm V-SA30/10000
35mm V-SA35/10000

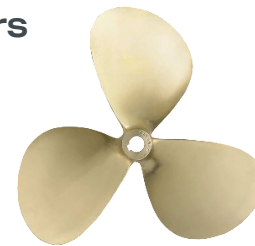

One shaft end is machined with a 1:10 taper and a keyway as standard. Matching key, tab washer and propeller nut with integrated zinc anode also supplied.
