# una storia che continua / a story that continues

**Un'eredità preziosa.  
Fatta di arte,  
manualità  
ed esperienza.**

**A valuable legacy.  
Made of art,  
craftsmanship and  
experience.**

Alessandro Poggi (fondatore di / founder of Poggi & Mariani), Vilma Martinelli (proprietaria e general manager di / owner and general manager of Dnd).

Impegnarsi per continuare una storia di eccellenza è una scelta dettata dalla passione. Passione per la materia e le forme, i gesti e le lavorazioni, la ricerca e la sapienza artigianale. Per questo Dnd è felice di poter proseguire – e valorizzare al meglio – la storia positiva del marchio Poggi Mariani con una collezione di maniglie classiche dai tratti unici.

*Committing to continuing a history of excellence is a choice dictated by passion. Passion for materials and shapes, gestures and workmanship, research and craftsmanship. For this reason, Dnd is happy to be able to continue – and make the most of – the positive history of the Poggi Mariani brand with a collection of classic handles with unique features.*

L'azienda Poggi & Mariani nasce nel 1980 in un laboratorio sui Navigli milanesi: una realtà artigianale, fatta di grande capacità tecnica, i cui prodotti hanno conquistato nel tempo un posto di prestigio su scala internazionale, grazie alla loro alta qualità in termini di realizzazione, cura dei particolari e raffinatezza delle forme.

Dnd è oggi proprietaria del marchio e completa la sua specializzazione nel settore di competenza: le maniglie Poggi Mariani sono ideale ampliamento della vocazione, dell'esperienza e dell'alta qualità di Dnd.

*Poggi & Mariani was founded in 1980 in a workshop on the Navigli in Milan: an artisanal reality, made up of great technical skill, whose products have conquered over time a place of prestige on an international scale, thanks to their high quality in terms of manufacture, attention to detail and refinement of form.*

*Dnd now owns the brand and completes its specialisation in its field of expertise: Poggi Mariani handles are an ideal extension of Dnd's vocation, experience and high quality.*

# I'alta qualità della tradizione artigianale / the high quality of traditional craftsmanship

**Uno stile classico  
non convenzionale,  
tra ricerca  
ed esecuzione.**

***An unconventional  
classic style,  
between research  
and execution.***

Maniglie che spiccano per disegno e creatività, per decorazione, accuratezza dei dettagli e delle finiture.

Oggetti dalla realizzazione di comprovata e tangibile qualità, in cui il sapere artigiano proprio del Made in Italy si manifesta nella sua unicità: la cultura del bello e del fatto bene, in complementi di grande fascino.

Grazie ai loro valori, le maniglie Poggi Mariani hanno conquistato un posto di prestigio a livello internazionale e sono diventate un riferimento di nicchia nel mondo dello stile classico e decorativo

*Handles that stand out for their design and creativity, their decoration, their attention to detail and their finish.*

*Objects of proven and tangible quality, in which the craftsmanship of Made in Italy is manifested in its uniqueness: the culture of beauty and good workmanship, in accessories of great charm.*

*Thanks to their values, Poggi Mariani handles have gained a prestigious place at international level and have become a niche reference in the world of classic and decorative style.*

# la mano e i suoi gesti, al centro / the hand and its gestures at the centre

**Cura ed eccellenza,  
dal lavoro  
alla rifinitura.**

**Care and excellence,  
from work  
to finish.**

Le maniglie Poggi Mariani sono tutte realizzate in ottone e vengono forgiate a mano, in fonderia, secondo tecniche dall'origine antica: la fusione colata in sabbia e la fusione in conchiglia.

A questi passaggi seguono poi la sgrossatura e la saldatura, fino alle rifiniture nei vari colori, con la delicatezza che oggetti così particolari richiedono.

Saperi di un tempo, tramandati con passione da maestranze fedeli e praticati da mani attente e di grande esperienza. Gesti calibrati, in un processo che emoziona.

*Poggi Mariani handles are all made of brass and are forged by hand in the foundry, using techniques of ancient origin: sand casting and shell moulding.*

*These steps are followed by roughing and welding, through to finishing in the various colours, with the delicacy that such special objects require.*

*Time-honoured knowledge, handed down with passion by faithful workers and practised by attentive and experienced hands. Calibrated gestures, in a process that excites.*

# made in italy

**Con orgoglio,  
verso il mondo.**

**Proudly reaching  
out to the world.**

Produrre maniglie di qualità e completamente Made in Italy: una scelta strategica di lunga data che si fonda sui valori della cultura aziendale italiana e sul profondo legame che Dnd ha nei confronti del suo territorio e del suo distretto. Dnd è Made in Italy con l'orgoglio di realizzare prodotti grazie al sapere, alla ricerca, allo stile e alla cura che oggetti di piccole dimensioni – come le maniglie – richiedono. L'eccellenza e il valore del design italiano si fondano da sempre sullo sviluppare, lavorare, rifinire e collaudare in Italia: passaggi importanti a tutela di prodotti di qualità. Dalla creatività ai materiali, dal disegno al progetto, dalla produzione alle finiture, maniglie che sono da sempre fatte in Italia – e fatte di Italia – per entrare nelle case più belle e accoglienti, per caratterizzare progetti architettonici di pregio e per soddisfare al meglio le personalizzazioni del mondo contract, in Italia e nel mondo.

*To produce high-quality handles, completely Made in Italy: a long-term strategy based on the values of an Italian corporate culture and the deep bond between Dnd and its district and its territory.*

*Dnd is Made in Italy with pride, to create products thanks to know-how, research, style, and all the care that has to go into objects of small size such as handles. The excellence and value of Italian design are constants in the development, workmanship and testing, all done in Italy: important phases to guarantee products of the highest quality. From creativity to materials, the drawing to the project, the production to the finishing, handles that are always made in Italy and made of Italy, to enter the most beautiful, appealing homes, to enhance outstanding works of architecture, to offer an optimal response to needs of customization in the contract sector, in Italy and the world.*
