LUCE

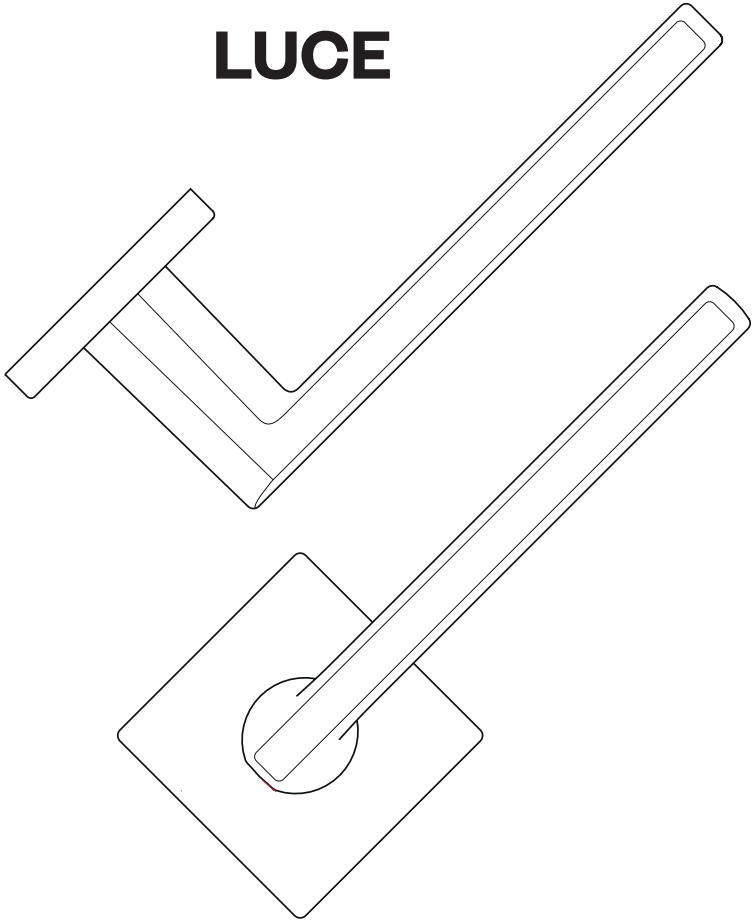

Comfort tattile e visivo,
forma e funzionalità creano
l'equilibrio perfetto di questa
maniglia. Luce è l'innovativa
linea di maniglie e coordinati
per porte e finestre.

Tactile and visual comfort,
form and function create the
perfect balance of this handle.
Luce is the innovative line of
handles and coordinates for
doors and windows.

Sistema VIS 7 mm / VIS 7 mm system

VIS

VIS

Componenti realizzati in nylon PA6 con molla uni-direzionale destra o sinistra. Rosette con diametro 50 mm e spessore 7 mm. Fori per fissaggio legno e interasse 38 mm per viti a connessione con o senza bussole.

Il sistema e la molla interna sono stati testati e certificati dal Laboratorio AQM - Cert.2012-1000/PPE, in base alla normativa UNI EN 1906.

Prestazioni

Tenuta e usura dei componenti meccanici garantite per oltre **200.000 aperture e chiusure.**

Categoria d'uso: Grado 3
Alta frequenza d'uso da parte del pubblico.

Durabilità: Grado 7
Frequenza d'uso elevata: 200.000 cicli.

Azionamento: Tipo B
Serrature caricate a molla.

The parts are made with PA6 nylon, with uni-directional left or right spring. The backplate has a diameter of 50 mm and a thickness of 7 mm. Holes for attachment to wood, 38 mm centering, with or without connector nuts.

The inner spring and system are certified by AQM - Cert.2012-1000/Ppe in keeping with UNI EN 1906 standards.

Performance

Wear and tear of mechanical components guaranteed for more than **200.000 opening and closing.**

Category of use: Grade 3
High frequency of use by the public.

Durability: Grado 7
High frequency of use: 200.000 cycles.

Type of operation: B
Spring-loaded furniture.

DK VIS 9 mm

Il DK VIS nasce dall'esigenza di ottenere un sistema esteticamente combinato con il sistema VIS per porta.

Le componenti tecniche restano così più discrete e lasciano pieno spazio al design della maniglia. Un meccanismo facile e veloce da montare, senza la necessità di lavorazioni sul serramento.

DK VIS is the result of the need for aesthetic coordination with the VIS system for doors. The technical components remain more discreet to offer greater freedom in the design of the handle. The mechanism is easy and quick to assemble.

DK VIS TS 9 mm

Il DK anti intrusione con pulsante di sicurezza.

Sempre in 9 mm, sempre senza lavorazioni. Studiato appositamente per evitare che, forando il serramento dall'esterno, sia possibile azionare il meccanismo. TSDK non richiede lavorazioni e può essere installato anche in sostituzione a modelli precedenti. Inoltre è configurabile con tutti i modelli a catalogo.

The DK anti-intrusion model with security latch.

Still with a thickness of 9 mm, without the need for complicated installation operations. Specially designed to avoid the possibility of opening by drilling from the outside. TSDK does not require machining and can also be installed in place of previous models. It can also be coordinated with all the models in the catalogue.
