Il sistema Unico

Unico, the system

Unico è il nuovo sistema per porte – ideato da Dnd – che riduce al minimo l'impatto visivo della rosetta sulla maniglia, valorizzandone così il design: una soluzione tecnica ed estetica ideale per gli ambienti contemporanei.

Grazie al suo piccolo volume, risulta poco visibile: misura solo 30 mm di diametro e 2 mm di spessore.

Il sistema, proposto in forma rotonda, è facile da installare e prevede la realizzazione di un foro da 22 mm sulla porta.

Unico is the new system for doors – designed by Dnd – that minimises the visual impact of the rose on the handle, thus enhancing its design: a technical and aesthetic solution that is ideal for contemporary interiors.

Thanks to its small volume, it is hardly visible: it measures only 30 mm in diameter and 2 mm in thickness.

The system, which comes in a round shape, is easy to install and requires a 22 mm hole to be drilled in the door.

Sistema Unico disponibile anche per finestre *Unico System available also for windows*

Il nuovo sistema Unico è disponibile anche per serramenti, su cui la discrezione della rosetta – di soli 34 mm di diametro e 10 mm di spessore – esalta pienamente la forma e il disegno della maniglia.

Sistema DK a 8 scatti, facile da installare con la realizzazione di un foro da 13 mm sul serramento.

The new Unico system is also available for windows, where the discretion of the rose – just 34 mm in diameter and 10 mm in thickness – fully enhances the shape and design of the handle.

DK 8 position-system, easy to install by drilling a 13 mm hole in the frame.
