click & close

**magnetica, estetica,
funzionale**

*magnetic, aesthetic,
functional*

Click & Close è una **chiave magnetica**, ideata per creare un **insieme armonico** – in termini di **finiture** – tra gli elementi che attivano le porte degli interni. La chiave, da semplice strumento funzionale, diventa un **oggetto** che riflette **design, eleganza e innovazione**.

Click & Close is a **magnetic key**, designed to create a **harmonious whole** – in terms of **finishes** – between all the elements of the interior doors. The key, from a simple functional tool, becomes an **object** that expresses **design, elegance and innovation**.

Click & Close supera
il concetto di chiave tradizionale
per esaltare l'**estetica
integrata con la maniglia.**

***Click & Close** goes beyond
the traditional key concept
to enhance the **aesthetic integrated
with the handle.***

Click & Close nasce per sostituire la
tradizionale chiave patent.

La sua funzionalità è **assicurata
con serrature magnetiche oppure
meccaniche** dotate di quadro 6 mm.

*Click & Close was created to replace
the traditional patent key. Its functionality
is **guaranteed with magnetic or
mechanical locks** equipped with
a 6 mm square.*
