967ARCH

Fondato a Milano nel 1999 da Cesare Chichi e Stefano Maestri, lo studio 967arch affianca all'attività di progettazione architettonica e di interior quella di design del prodotto in un continuo passaggio di influenze, sperimentazioni e contaminazioni. Il team ha affrontato progetti su scale differenti, con un focus particolare per le sedi e gli uffici di aziende tra cui Google, Petronas, WPP, Cisco e Ferrero. I progetti di design vedono collaborazioni con aziende come Poltrona Frau, Davide Groppi, Dieffebi, GE Giussani, MDF Italia, Zumtobel e Las Mobili.

967ARCH

Una maniglia capace di evocare un'immediata iconicità percettiva. Qui, la lavorazione minuziosa e il decoro raffinato trasformano il cilindro in un segno distintivo. Un dettaglio che cattura lo sguardo e definisce l'identità dell'intero oggetto.

La maniglia Blend AG va oltre la pura funzionalità: rappresenta un equilibrio tra gesto tecnico e forma estetica. Ogni sua parte comunica attenzione, cura e intenzione progettuale. Linee sobrie ma decise si fondono con superfici tattili e proporzioni armoniche. È un oggetto che completa lo spazio con discreta eleganza, ma senza passare inosservato.

A handle capable of evoking an immediate perceptive iconicity. Here, meticulous craftsmanship and refined decoration transform the cylinder into a distinctive mark. A detail that catches the eye and defines the identity of the entire object.

The Blend AG handle goes beyond pure functionality: it represents a strong balance between technical gesture and aesthetic form. Every part expresses attention, care, and design intention. Sober yet decisive lines blend with tactile surfaces and harmonious proportions. It is an object that completes the space with discreet elegance, without going unnoticed.

**HARMONY BETWEEN
FORM AND FUNCTION**

ELLIPSE

GABRIELE & OSCAR BURATTI

Trasformare un gesto quotidiano in un'esperienza ricca di eleganza e tattilità significa elevare l'interazione con l'oggetto a un livello superiore, dove ogni dettaglio è studiato per offrire una sensazione unica al tatto e alla vista.

Il design si distingue per la sua capacità di unire semplicità formale e attenzione ai dettagli, reinterpretando la forma organica e fluida dell'ellisse con un tocco di raffinata eleganza geometrica. Le linee morbide e bilanciate dialogano con volumi definiti per un risultato che esprime stile e innovazione in ogni ambiente.

Transforming a daily gesture into an experience rich in elegance and tactility means elevating the interaction with the object to a higher level, where every detail is designed to offer a unique sensation to both touch and sight.

The design stands out for its ability to combine formal simplicity and attention to detail, reinterpreting the organic and fluid shape of the ellipse with a touch of refined geometric elegance. Soft and balanced lines interact with defined volumes to create a result that expresses style and innovation in every environment.
