

NEW WALLCOVERING DESIGN

SEGMENT & SEGMENT LINEN

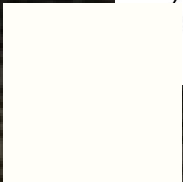

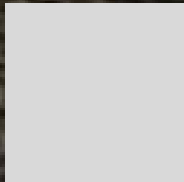

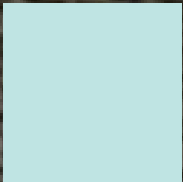

Muraspec
WALLCOVERINGS

Designed and Manufactured in the UK

Geometric lines influenced by architectural structures, combined with classic linen textures.

The new Segment wallcovering is fantastic for adding a modern twist to any interior space.

This wallcovering features a geometric line pattern on a subtle textile print ground, all finished with a tailored textured emboss. With the element of linear print running throughout the design and in combination with the variety of colours on offer, this is bound to be a popular choice for many.

Le nouveau revêtement Segment ajoutera une touche de modernité à vos intérieurs grâce aux formes géométriques dessinées par les lignes superposées à un effet textile. Avec cette ligne courant sur le design et la variété de couleurs proposées, Segment va très certainement séduire une majorité d'entre vous!

Due to popular demand, Muraspec has produced a coordinating wallcovering to pair with the recently launched Segment design. The same colours and texture have been used within the Segment Linen design, so that both patterns can be used within the same interiors if desired to completely marry up the beautiful look.

This classic linen ground has fine intricate detail which adds that 'special something' in a delicate manner to a wall space. All colours have a matte look which complements other interior finishes seamlessly.

Nos clients nous ont demandé un revêtement uni à coordonner avec le design Segment récemment lancé. Nous avons donc repris les mêmes coloris et une texture identique pour créer Segment Linen, afin de pouvoir placer les 2 revêtements côte à côte au sein d'une même pièce.

Le grain traditionnel du lin est sublimé par de petits détails qui lui ajoutent un « petit quelque chose de spécial ». Tous les coloris sont mats pour une décoration intemporelle.
