"Capturing the pure rawness and natural beauty of aged bark, Oakwood has been carefully created by hand as an artwork in the studio, before being produced in our manufacturing facility as a readily available wide width wallcovering in eight equally organic colours. With the added benefit of durability and built-in antimicrobial protection, this luxurious wide width wallcovering will stand the test of time on looks and performance in all applications."

Capturant la pureté et la beauté naturelle de l'écorce du bois âgée, Oakwood a été soigneusement créé à la main en tant qu'œuvre d'art dans le studio, avant d'être produit dans notre usine de fabrication en tant que revêtement mural en grand format. Ce revêtement est aussi disponible en huit couleurs organiques.
