

THE RUBBER PRODUCT SPECIALISTS

Solutions for Dredge, Dock and Shipyard Since 1987

At Motion Conveyance Solutions, our technical knowledge and fabrication expertise, coupled with years of industry experience, provide customers with products that perform, especially in industries that require specialized products for demanding applications.

CUSTOM EXTRUSIONS

Quick and cost-effective, our in-house die shop reduces lead times and set-up fees. We can also reduce fabrication time by performing hot vulcanized splices either in-house or on site.

- Ball Joint Gaskets
- Barge Seals
- Customized O-Rings
- Dock Bumpers
- Door Seals
- Graving Dock Seals
- Hatch Seals
- Rectangles
- Squares

COMPRESSION AND TRANSFER MOLDING

Fabricated to your needs, we can mold parts for your unique application. Our presses range in size, so we offer quality molded parts from very small to 12' long.

- Caisson Seals
- Custom Molded Parts
- Graving Dock Seals
- Hopper Barge Seals
- Lip Seals
- Trunnion Seals

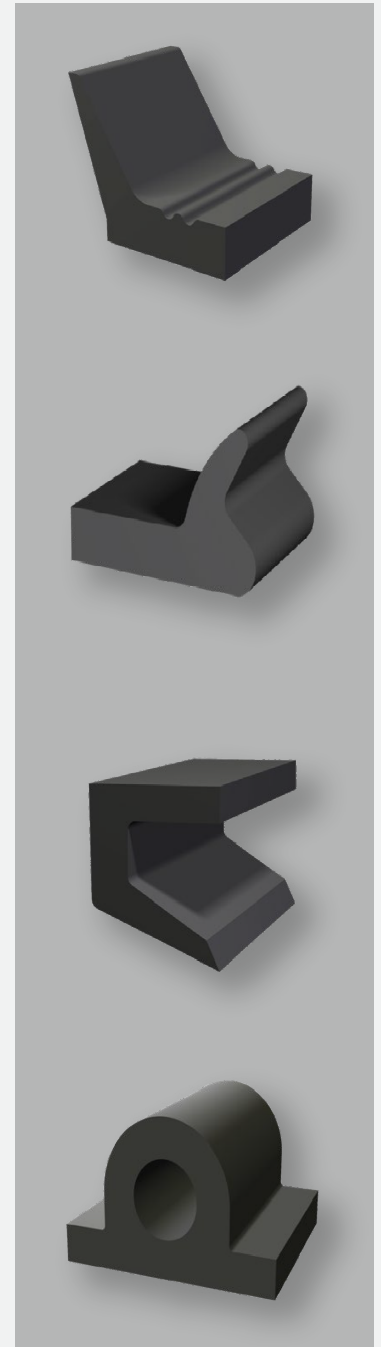

FABRICATION

With customized solutions for your application, our team of specialists combine years of experience with best practices in our ISO-certified fabrication center. We offer in-house and independent testing.

- Hot Vulcanizing
- Rubber-to-Metal Bonding
- Rubber-to-PTFE Bonding
- Tooling Design and Manufacturing
- Waterjet Cutting

ADDITIONAL PRODUCTS

- Adhesives
- Anti-Seize Threadlockers
- Custom Exhaust
- Custom Gaskets
- Custom-Vulcanized O-Rings
- Expansion Joints
- Flange Gaskets
- Gaskets
- Lubricants/Greases
- Mechanical Packing
- Mechanical Seals

PRODUCTS AND MATERIALS

CAPABILITIES

- Bonding
- Bonding Rubber to Teflon®
- Custom Solution Process
- Custom-Spliced O-Rings
- Customer Service
- Die-Cutting/Flashcutting
- Engineering Assistance
- Fabrication
- Lathe Cut
- Pressure-Sensitive Adhesive
- Prototyping
- Rubber and Sponge Stripping
- Rubber Extrusion
- Rubber Molding
- Rubber-to-Metal Bonding
- Vulcanized Rubber Sleeves
- Vulcanizing
- Waterjet Cutting

COMPOUNDS

- Butyl
- Durometer 25A to 90A
- EPDM
- FDA-Approved
- Fluorosilicone
- HNBR
- Hypalon®
- Isoprene
- Natural Rubber
- Neoprene
- Nitrile/Buna
- NSF 61
- Perfluoroelastomers
- SBR
- Silicone
- Viton®/FKM

EXTRUDED RUBBER PRODUCTS

- C-Channel
- Cord
- Custom-Extruded Products
- Dock Bumpers
- Dump Truck Seals
- E-Shape
- Garbage Bin Seals
- H-Shape
- Hatch Seals
- L-Shape
- P-Seals
- Squares/Rectangles

- T-Shape
- Tadpoles
- Trapezoids
- Tubing
- U-Channel

GASKETS

- Culvert Gaskets
- Custom Gaskets
- Dovetail
- Gaskets Cleaned and Bagged
- Handhole/Manhole
- Heat Exchanger
- Ring/Full Face
- Shims
- Spiral Wound

MATERIALS

SHEET RUBBER

- Belting
- Butyl
- Cloth Inserted
- EPDM
- FDA-Approved White
- Hypalon®
- Neoprene
- Nitrile
- Pure Gum
- SBR
- Silicone
- Urethane
- Viton®

NON-ASBESTOS

- Compressed Sheet
- Cork/Rubber
- Felt
- Garlock
- Graphoil/Graphite
- Vegetable Fiber

PLASTICS

- Goretex®
- Gylon®
- HDPE
- Micarta
- Nylon
- Teflon®
- Teflon®/Glass-Filled
- UHMW
- Urethane

SPONGE

- Closed/Open Cell
- Ensolite®
- EVA
- Neoprene
- Poron®
- Reticulated Foam
- Silicone
- Urethane
- Viton®

MISCELLANEOUS

- Butyl Sealant
- Drill Punches
- Drop Warp Tape/Fiberglass
- Expansion Joints
- Fiberglass Cloth
- Joint Sealant
- Kitting
- Mechanical Packing
- Mechanical Seals
- Portable Splice Press
- Rentals

MOLDED RUBBER PRODUCTS

- Bumpers
- Custom-Molded Products
- Dock Bumpers
- Gate Seals
- Grommets
- Molded Corners
- Pads
- Plugs/Stoppers
- Sound Strips/Cushion Strips
- Truck/Industrial Bushings
- Vibration Mounts

WATERJET

- 6' x 12' Part Sizes With Cuts
Up to 4" Thickness
- Close Tolerance
- Fabrics
- Metals
- No-Heat
- Plastics
- Prototyping
- Rubber
