

#5301

2-PLY 100# POLYURETHANE BLACK MATTE X BARE HEAVY COVER ANTISTATIC

FEATURES

This 2-ply polyurethane belt features a matte top cover and bare bottom. It is perfect for optical sorters and specifically designed for use in recycling facilities due to the heavy cover. This belt can also be used at large distribution centers – slider bed, roller bed and accumulators. It is antistatic.

APPLICATIONS

- Recycling
- Optical Sorter
- Accumulators
- Roller Bed
- Slider Bed
