HC-770	3	140°F-842°F	0.462"	0.217	22"	60+/-5 Shore A
HC-1500	3	140°F-842°F	0.462"	0.217	22"	60+/-5 Shore A

*HC-710 now available in the United States.

PRODUCT HIGHLIGHTS

- **High Tensile Strength:** Built for demanding loads and extended service life
- **Superior Adhesion:** Advanced bonding between cover and carcass
- **Abrasion Resistance:** Reduced wear in heavy-duty environments
- **Consistent Quality:** Manufactured to strict quality standards
- **Elevated Temperature Resistance:** Ideal for foundries, cement plants, and high-heat processing applications

Improve Your Conveyor Performance Today

Whether upgrading existing systems or building new operations, Bando Heat Carry conveyor belts from Motion Conveyance Solutions deliver reliability you can count on.
