Vogliamo andare oltre
Taking it to the next level

Da sempre tutta la notte ha appuntamento col giorno.

Since the beginning of time all night long the night has a rendezvous with day.

Ma ogni notte, da sempre
è costretta ad andarsene
prima di lui.

But every night, since the
beginning of time she must
leave before him.

Jacques Prévert

Vogliamo andare oltre

Taking it to the next level

Twils è un brand con solide radici in un territorio produttivo eccezionale, che da sempre raccoglie un'eredità manifatturiera unica, preziosa, in continua evoluzione. Abbiamo cominciato dai cuscini, abbiamo imparato a conoscere i materiali, le tecniche di imbottitura, a lavorare con maestria sartoriale. Siamo diventati bravi e siamo andati oltre. È stato naturale e spontaneo passare ai letti e ai divani. Abbiamo fatto della comodità e della morbidezza un'arte, se così si può dire. E ora andiamo ancora oltre. Better dreaming è la nostra volontà di superare i confini, con uno stile internazionale, definito, cosmopolita. Un passo oltre la nostra morbida comfort zone.

Better dreaming

The Twils brand is deeply rooted in an area with a tradition of production excellence, whose manufacturing history is unique, strong, and continuously evolving. We started out making cushions, we became familiar with materials and padding techniques and developed our sartorial skills. We became highly skilled and decided to take it to the next level. The natural next step was to start producing beds and sofas. We turned comfort and softness into an art form, so to speak. And now we're taking it to another level again. With Better dreaming, we want to go beyond our borders, our international signature and our cosmopolitan style further afield, on to the global market. We're taking a step out of our 'soft' comfort zone.

Dormo poco ma ovunque: su qualsiasi mezzo in movimento, in ogni luogo del mondo, in montagna come al mare. Dove c'è rumore, dove c'è luce, o nell'oscurità e nel silenzio totale della natura. Il letto di casa dunque è un luogo in cui penso al futuro, che per mia natura vedo sempre meraviglioso. Better dreaming per me significa davvero lo spazio del sogno, della visione. E coordinare una collezione di letti con questo nome non può che rimandare il mio pensiero a una serie di oggetti dove chiunque, in qualsiasi luogo, possa sognare sempre meglio.

I don't sleep much but I sleep everywhere: on any form of transport, anywhere in the world, whether in the mountains or on the sea. Where there's noise, where there's light, or in the dark or the absolute silence of nature. When I'm in my bed at home, my mind wanders to the future and, because I'm naturally a positive person, it is always bright. For me Better dreaming really is a place for dreams and visions. And coordinating a bed collection with a name like this inevitably makes me think of objects which enable anyone, anywhere, to dream better.

Academy Piuma

design
R&D Twils

Un letto morbido e destrutturato, abbondante negli spessori e nei profili. In questa versione Academy è proposto con un'imbottitura di piuma, che lo rende ancora più indefinito, più accogliente. I rivestimenti scelti per il giroletto e per la testiera contribuiscono a esaltare l'aspetto comodo. L'assenza di spigoli è un'ulteriore contributo alla generale sensazione di morbidezza. Academy Piuma esiste in due versioni: una con un giroletto alto che arriva fino a terra, e una più contemporanea, con un'altezza di 16 centimetri che facilita la manutenzione dello spazio.

A soft, destructured bed with generous thicknesses and profiles. This version of Academy has down padding, making it even softer, more inviting. The upholstery chosen for the bedstead and headboard adds a cosy, comfortable appeal, and the absence of sharp edges enhances the general feeling of softness. Academy Piuma is available in two versions: one with a high bedstead that sits just above the floor and a more contemporary model that's 16 centimetres high and makes cleaning easier.

Infinito

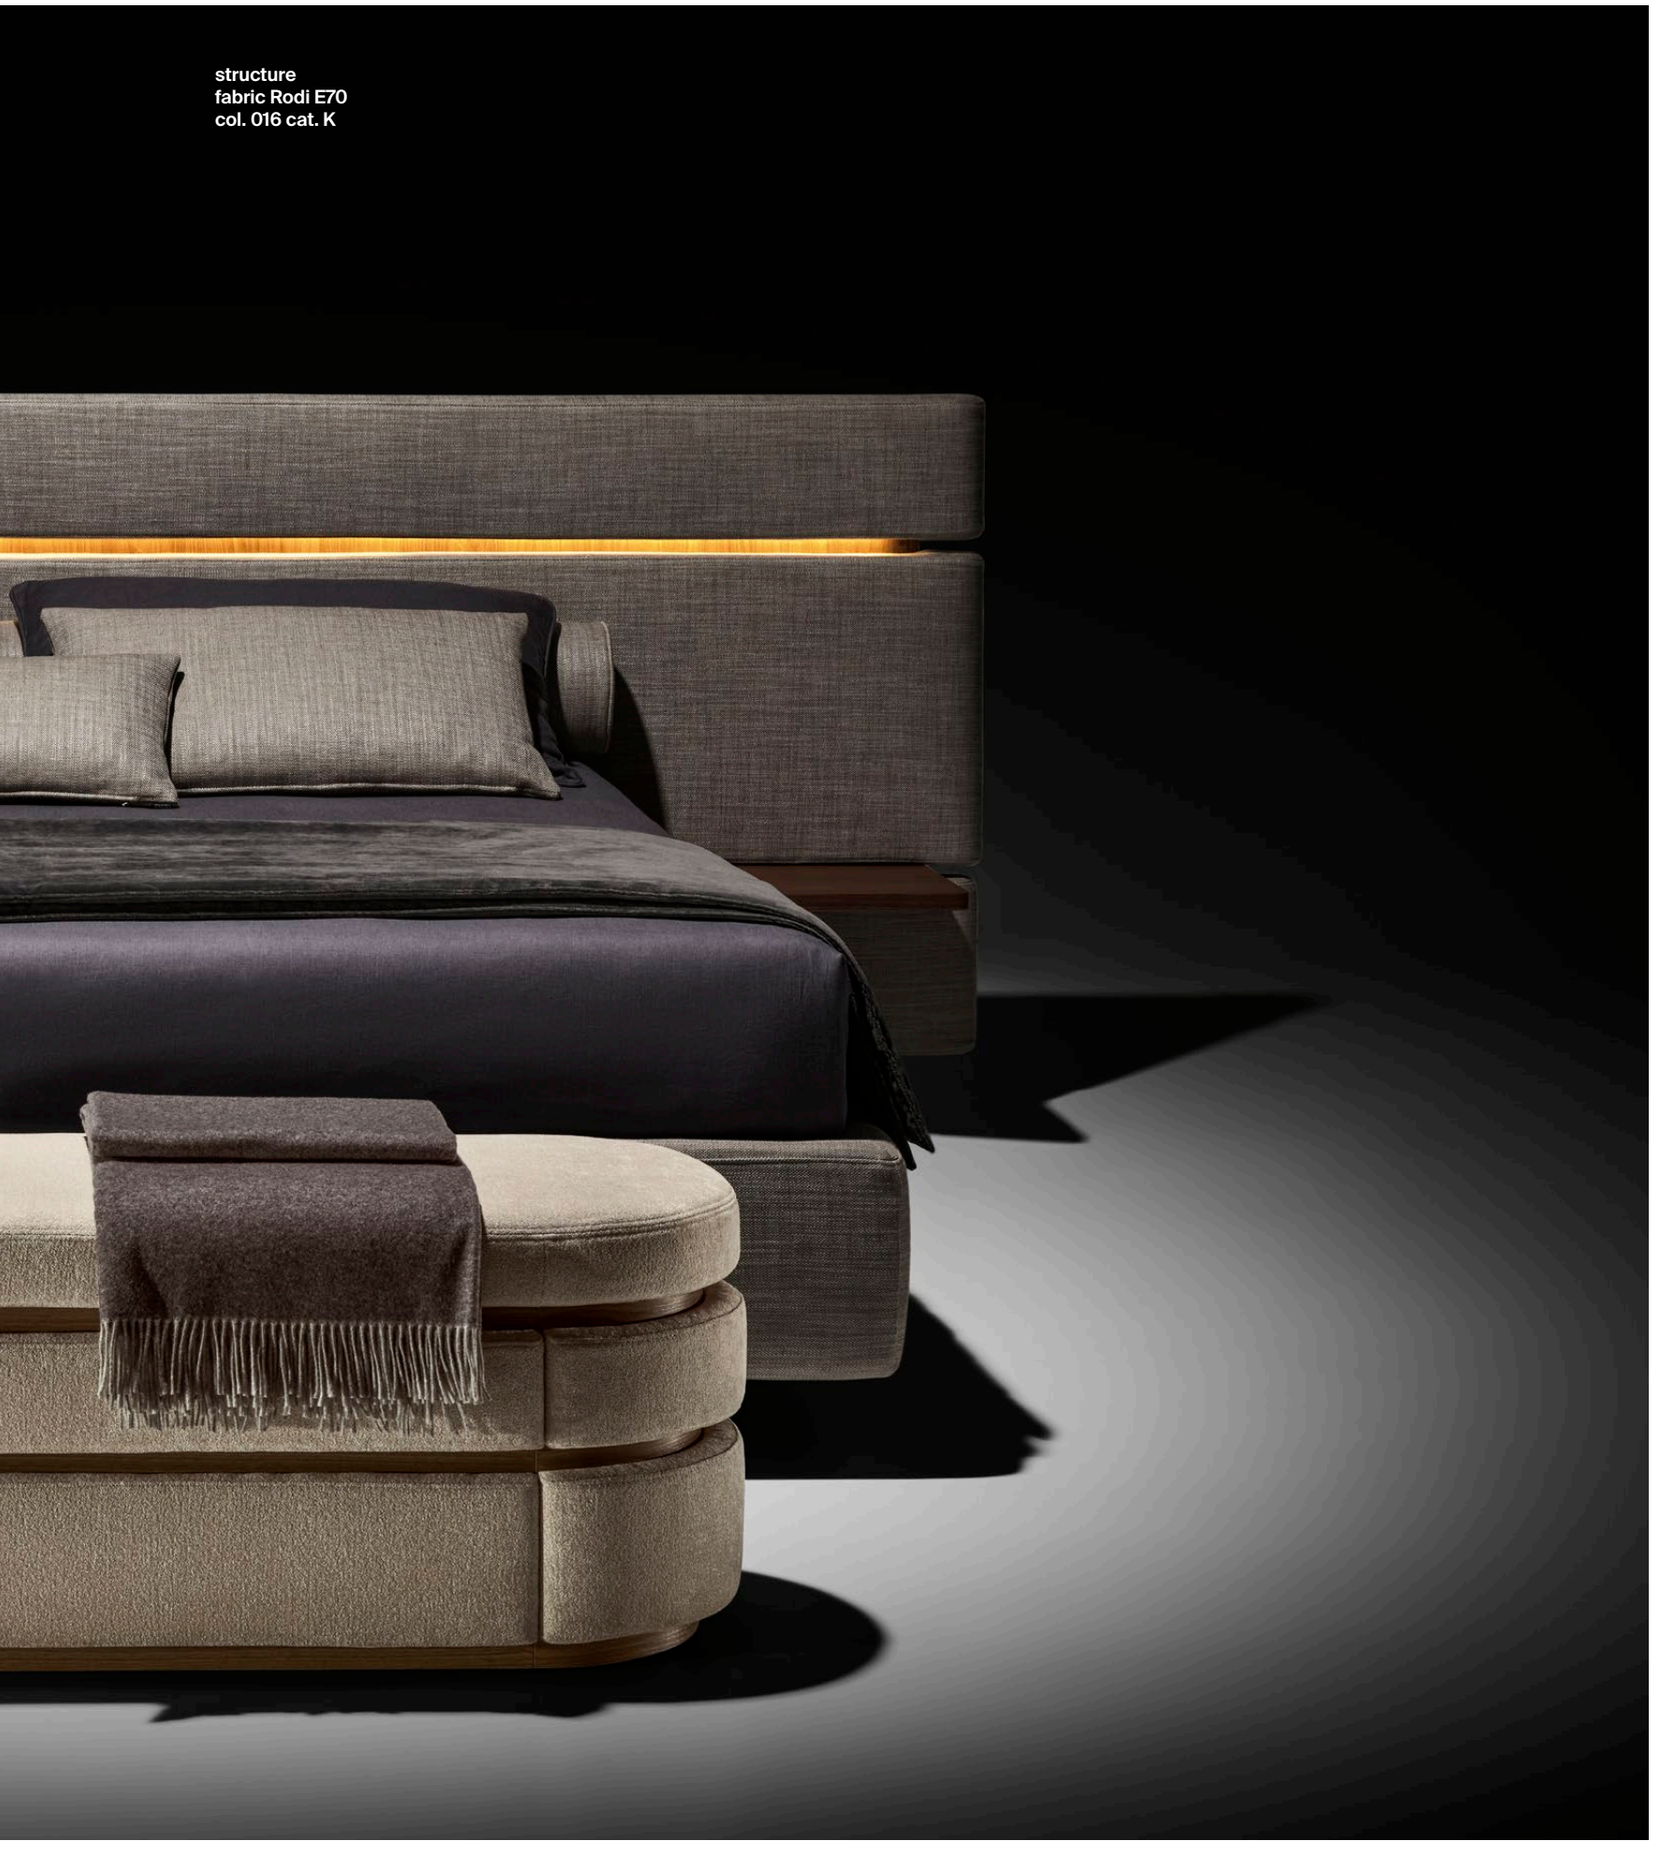

design
Colzani&Novati

Un letto è un letto. A meno che non diventi un contenitore di rimandi simbolici, che si intrecciano al mondo interiore e rafforzano l'esperienza umana dandole significato e ritualità.
Infinito è un letto ideato per costruire relazioni semantiche su più fronti. Da una parte il rapporto con i materiali, il rispetto per la competenza artigianale, la sensibilità per come queste due istanze nutrono la competenza manifatturiera di Twils. Dall'altra le persone che scelgono Infinito, i loro gesti, i loro orizzonti domestici, i loro spazi rituali che trovano un confine in un oggetto d'uso.

A bed is a bed. Unless it is filled with symbolic references that are interwoven with our inner world and enhance the human experience, giving it new rituals and meaning.
Infinito is a bed that was devised to build meaningful relationships in a number of ways. For a start, there is the relationship with materials, respect for expert craftsmanship and appreciation of the part these two aspects play in Twils' exceptional manufacturing capabilities. Then there are the people who choose Infinito, the things they do, the realms of their everyday lives and the places where they perform daily rituals, with foundations formed by practical items.

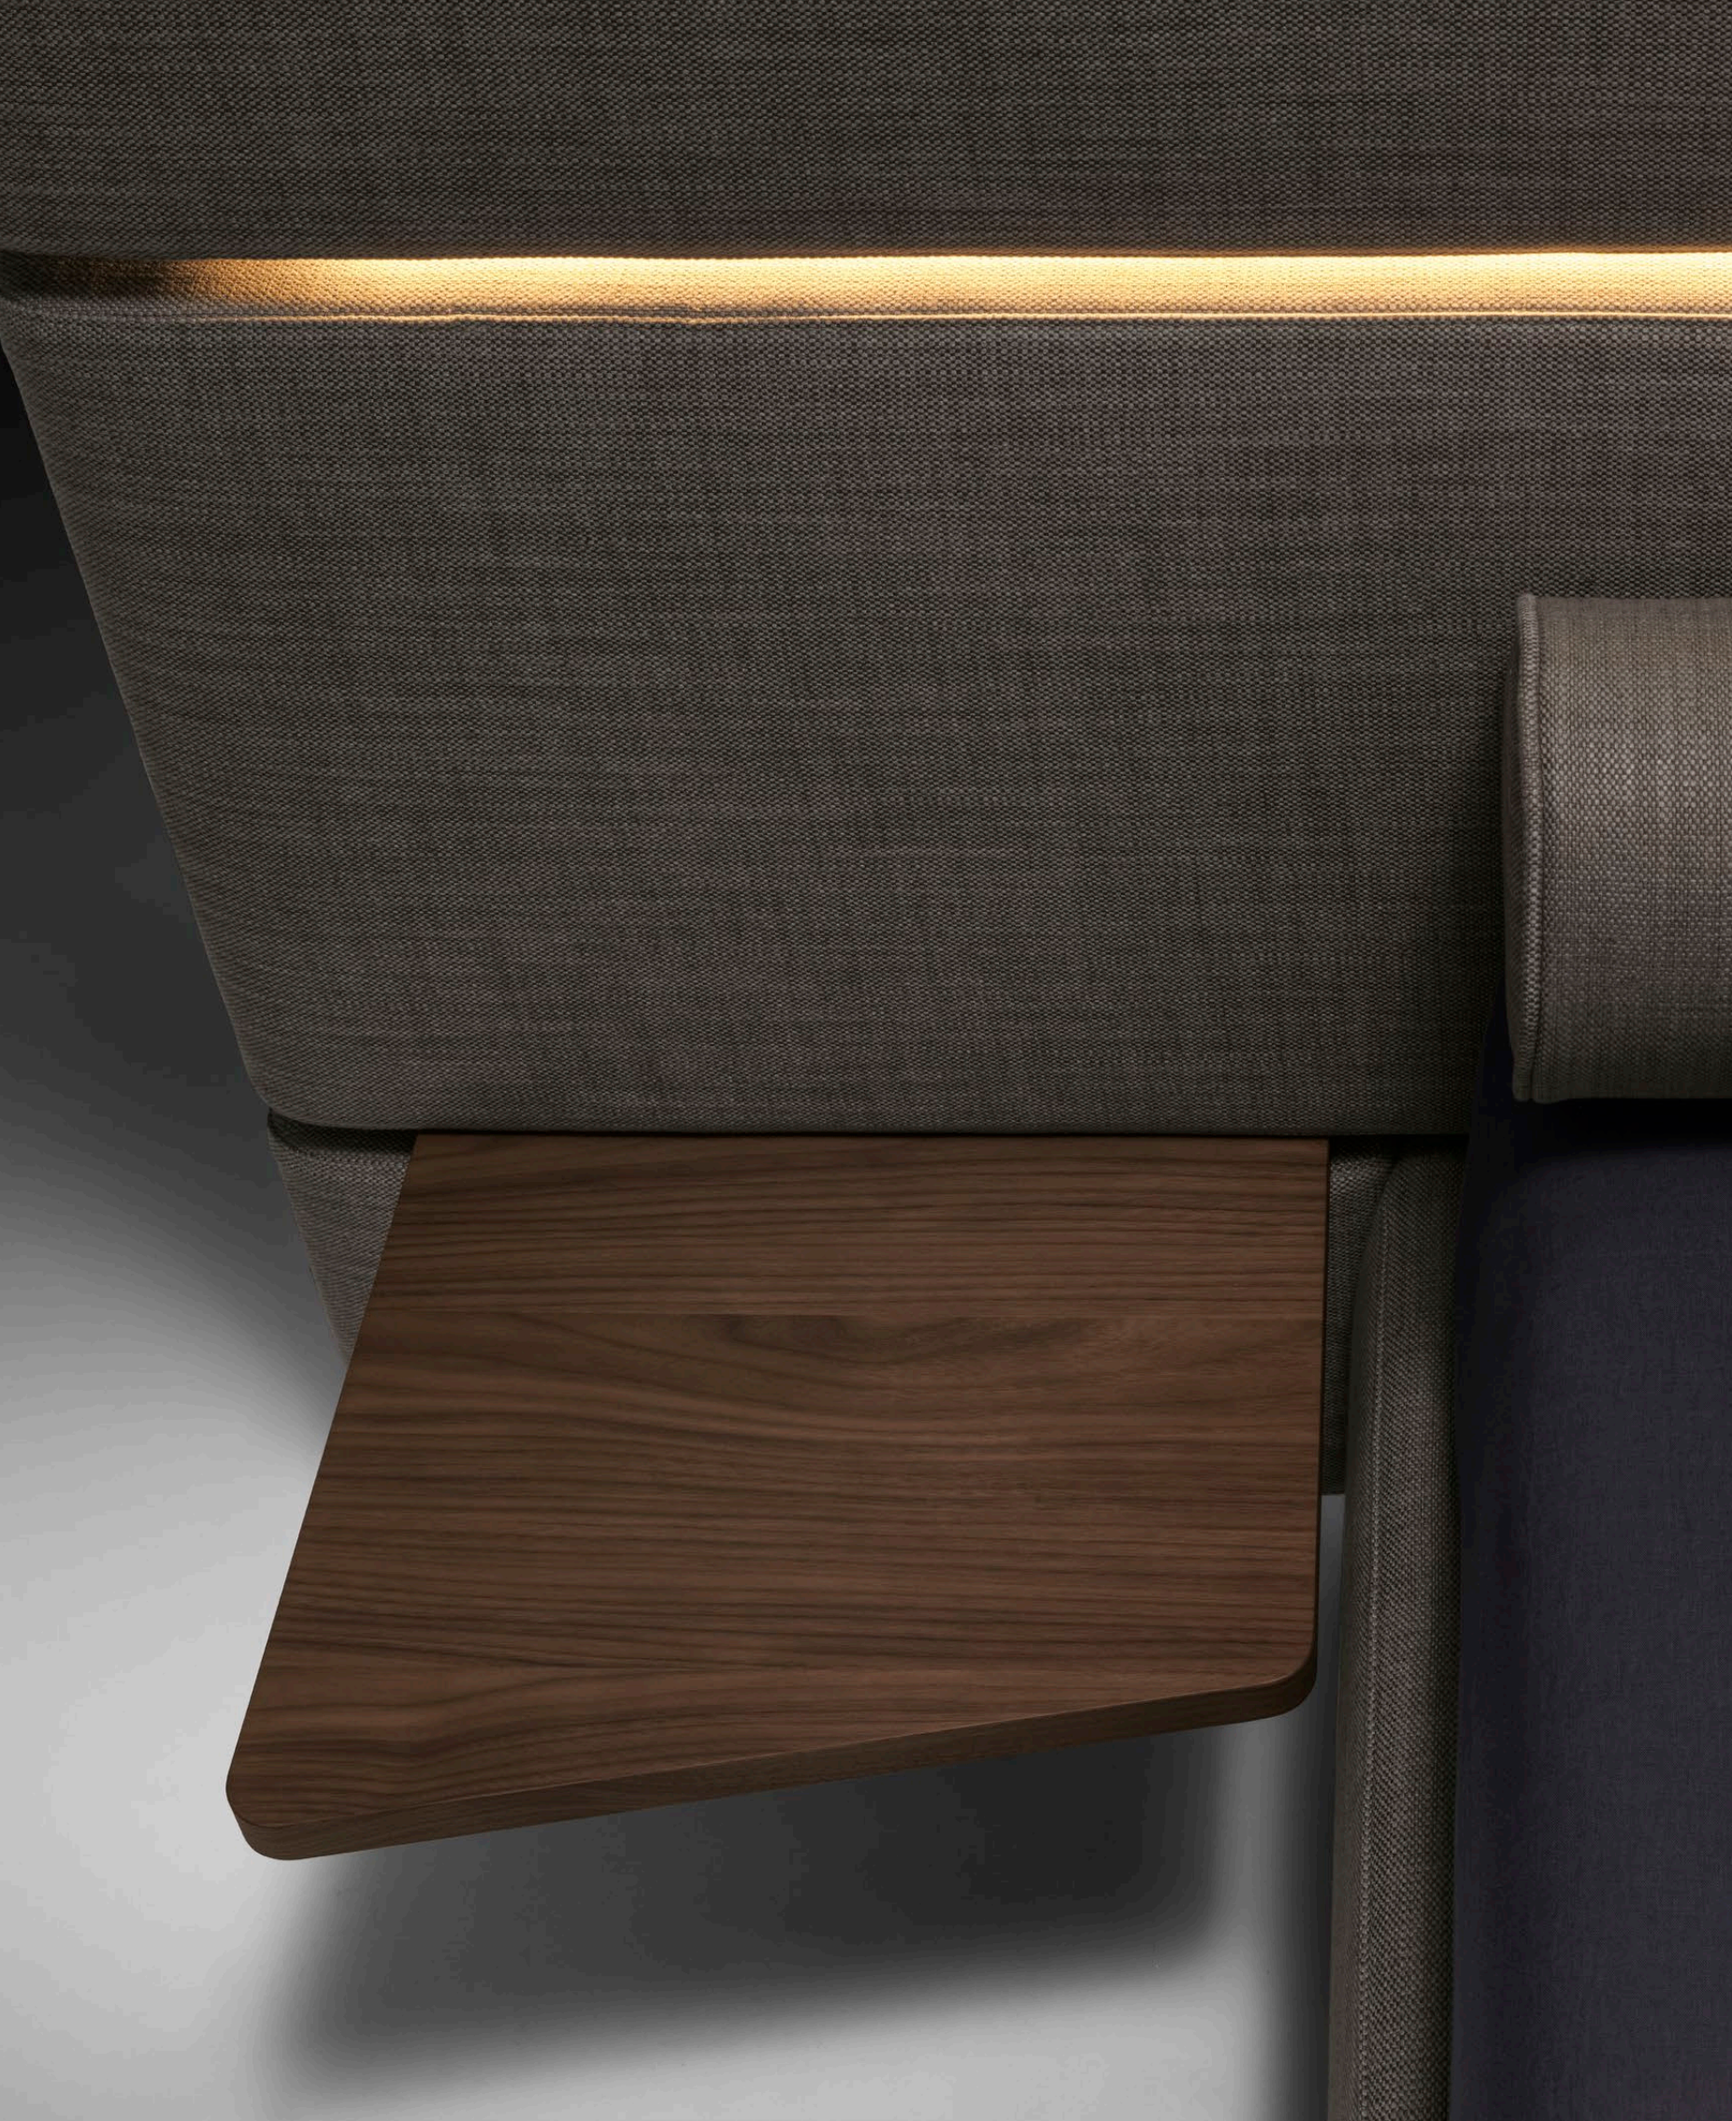

structure
fabric Rodi E70
col. 016 cat. K

Nomen omen. Infinito è uno spazio concluso, in un certo senso da abitare a lungo. Inevitabile quindi pensare alla luce, a un caricabatterie, a un device che ha bisogno di essere alimentato. Le prese elettriche possono essere incluse nella testiera per organizzare le loro diverse funzioni in modo semplice e ordinato.

It's all in the name. Bearing in mind the endless hours you'll spend within the bounds of an Infinito bed, it's only natural to think about the need for a light, a charger and power for various devices. Electrical sockets can be built into the headboard in order to provide a simple, tidy solution catering to a range of needs.

Infinito allora non è più solo un letto, ma un ambiente in cui si compie l'incanto di un racconto personale. Il legno di Noce Canaletto è la nota ricca, preziosa, usata discretamente nella costruzione della struttura e delle mensole. Il tessuto imbottito è la parte di morbidezza, irrinunciabile. L'incastro preciso dei due materiali è la riflessione costruttiva che sceglie il codice ortogonale: semplice, intelligente, comprensibile.

All of this means Infinito is more than just a bed: it is a space where spellbinding personal tales are told. Used discreetly in the frame and the shelves, Noce Canaletto wood adds a lavish, exquisite touch. Padded fabric provides essential softness. A clear, simple and smart construction approach based on right angles neatly brings the two materials together.

E infine: la luce. Il LED è il dettaglio che parla di orizzonte, di un finito che reclama di superarsi, andare oltre, diventa scenografia onirica e inaspettata nella cadenza ripetitiva e tranquillizzante di luce e ombra. Ha una funzione estetica, certo. Ma c'è di più: il racconto di una storia della buonanotte che, per forza di cose, finisce bene.

And finally, there is light. LED detailing presents visions of horizons, pushing past the finite and going beyond. It produces a surprising dream-like atmosphere with its calming, repetitive sequence of light and shadow. While it unquestionably has an aesthetic role, there is also more to it: it tells a bedtime story that never fails to have a happy ending.

Infinito ha anche una famiglia di complementi. La panca di grandi dimensioni, i pouf di due diverse misure. Famiglia significa condividere un codice formale che qui è fatto di profili arrotondati e un lavoro delicato sulla forma che rispetta la matrice geometrica originale.

The Infinito family includes a range of accessories: a large bench and footstools in two different sizes. As a family, they all share certain visual features: a rounded outline and carefully designed forms that stay true to the original geometric framework.

Non è detto che un letto basti. Anzi, raramente accade che con un solo oggetto si costruisca una stanza. A Infinito si abbina una panca/contenitore che con l'aria di essere un oggetto decorativo e un piccolo lusso risolve invece più di una funzione.

A bed by itself might not suffice. Indeed, a whole room can rarely be built around just one item. The bench/container that goes with Infinito looks like a decorative touch to add a little luxury, but it also serves more than one practical purpose.

Canalgrande

design Matteo Ragni
con Tiziano Carnieletto

Canalgrande è un progetto nato dalla conversazione fra un imprenditore e un designer, un'idea che si riflette nella memoria di due soggetti che hanno uno sguardo diverso puntato su un unico orizzonte, quello del prodotto intelligente, ben fatto, bello. È il buon design nella sua espressione più naturale, nel solco di un modus operandi che ha fatto del made in Italy un paradigma collaborativo che porta all'eccellenza.

Canalgrande stemmed from a conversation between an entrepreneur and a designer. The idea is reflected in the memories of two figures who have different perspectives but both focus on the same goal: an intelligent, well-made and attractive product. Featuring good design in its most natural form, behind it is the classic "Made in Italy" approach that has become the epitome of collaboration-based excellence.

fabric Gloss C10
col. 007 cat. K

Matteo Ragni racconta: "Un progetto nato per celebrare la leggerezza, dei pensieri come dei più bei sogni. Una testiera lieve come una piuma, dalle linee tese che, agli occhi di Tiziano Carnieletto di Twils rimandano alla sagoma del ferro di una gondola, icona tanto cara a Twils sin dai suoi esordi più di 40 anni fa'".

As described by Matteo Ragni, it is: "A design that celebrates the lightness of carefree thoughts and wonderful dreams. A headboard as light as a feather, with a taut shape that reminds Tiziano Carnieletto of Twils of the metal outline of a gondola, an iconic image that Twils has cherished since its launch more than 40 years ago."

Il dialogo fra progetto e industria è sempre affascinante. In questo caso parte da una (buona) idea: agire sulla testiera, più precisamente sul retro della testiera, per darle una funzione più ampia, riconducendo una parte usualmente negletta dell'oggetto letto a una visione originale, radicalmente alternativa.

It is always fascinating to see how the design and industrial worlds interact. In this case, it all began with an (excellent) idea: to give the headboard – and more specifically the back of the headboard – a broader role to play, thus presenting a totally original vision of a normally neglected part of the bed.

Non un letto da appoggiare al muro, ma un mobile da collocare al centro dello spazio, da circumnavigare per usarne ogni parte. Intorno al letto c'è un mondo simbolico, che ha bisogno di oggetti significativi, libri, luci. Canalgrande è uno scrigno di tesori personali e intimi.

Instead of pushing it up against a wall, this item of furniture should be put in the middle of the room and walked around so every part of it can be used. Meaningful items such as books and lights play a key role in the symbolic world around every bed. Canalgrande is a trove of personal, private treasures.

“Nello scambio il progetto ha preso una nuova via e un nuovo significato: da semplice letto a testimone di un percorso aziendale, ricco di tradizione e continua sperimentazione. Una nuova storia da raccontare, nel fluire del dibattito tra designer e imprenditore, dove la testiera integra comodini in legno dalle forme aeree, e la piuma diviene gondola, per cullarci e traghettarci lievemente tra le braccia di Morfeo".

“The discussions led the design down a new path and gave it fresh meaning: more than just a simple bed, it now bears witness to the wealth of traditions and endless experimentation during the company’s journey. It tells a new story, as the debate between designer and entrepreneur unfolds. Airy wooden bedside tables are built into the headboard and a feather becomes a gondola, getting cradling us as we drift off to sleep.”

Elle

design
MeneghelloPaolelli

Il tema progettuale del letto Elle è da cercare nella sua relazione con lo spazio. Gli ambienti contemporanei, soprattutto in contesto urbano, sono a volte ridotti per privilegiare la convivialità delle zone living e cucina. Per la zona notte si preferisce razionalizzare una composizione più intima, piccola e raccolta.

The secret to the design concept behind the Elle bed lies in its relationship with space. In order to enable people to socialize in living rooms and kitchens, space in other areas of contemporary homes is often limited, especially in urban areas. There is a preference for rationalizing in sleeping areas, with layouts that are smaller, snugger and cosier.

Le cuciture ribattute in evidenza sottolineano la dinamicità e la grazia dei profili. Lo spessore delle imbottiture contribuisce a controllare i volumi senza togliere comodità a un letto dal concept contemporaneo che si integra razionalmente in tutte le zone notte in cui lo spazio diventa un elemento decisivo per la scelta dei pezzi d'arredo.

The felled seams are clearly on show, underlining the dynamic gracefulness of the contours. The thickness of the padding helps to keep the size under control without compromising the comfort of a bed based on a contemporary concept that is an ideal, rational fit in all sleeping areas where space is a key consideration when choosing furniture.

Elle è un letto progettato per ridurre l'ingombro con una presenza leggera, dai profili sottili e slanciati che giocano con la curva sinuosa della testiera. Il dettaglio smart aggiunto dallo studio MeneghelloPaolelli è nella possibilità di regolare l'inclinazione della sommità della testiera, in modo da lasciare la libertà di decidere i volumi di Elle e modificarne la distanza dal muro a seconda del momento della giornata.

Elle is a bed that is designed to take up less space, thanks to a light form with thin, slender outlines playing off the winding curves of the headboard. A smart detail added by MeneghelloPaolelli means that the inclining top of the headboard is adjustable, providing the scope to tweak the shapes of Elle and move it nearer or further from the wall at different times of day.

Opéra

design
Tiziano Carnieletto

Il letto come il palco di un teatro, per mettere in scena i propri sogni. Opéra è così: una testiera elegante, essenziale, con leggere impunture che ricordano le pieghe morbide di un sipario. Le sue dimensioni abbondanti permettono di regolare le ali laterali ad angoli diversi. Aperte, lineari e scenografiche. Oppure più chiuse, ad avvolgere il letto in un abbraccio. L'importanza della testiera è mitigata dalla leggerezza dell'insieme: l'appoggio sembra volare, i piedini sono sottili e il sommier è essenziale.

A bed like a theatre stage, a place where dreams come to life. That's how we envisaged Opéra, with its elegant, minimal headboard whose delicate stitching is reminiscent of the soft folds of a stage curtain. Its generous size allows the 'wings' to be positioned at different angles. When open, they're linear and dramatic. When facing inwards, they envelop the bed in their embrace. The sheer size of the headboard is tempered by the overall lightness of the bed: the base appears to float, the feet are slender and the bedstead uncluttered.

Sail

design
Ludovica+Roberto Palomba
con Matteo Bollati e Stefano Contini

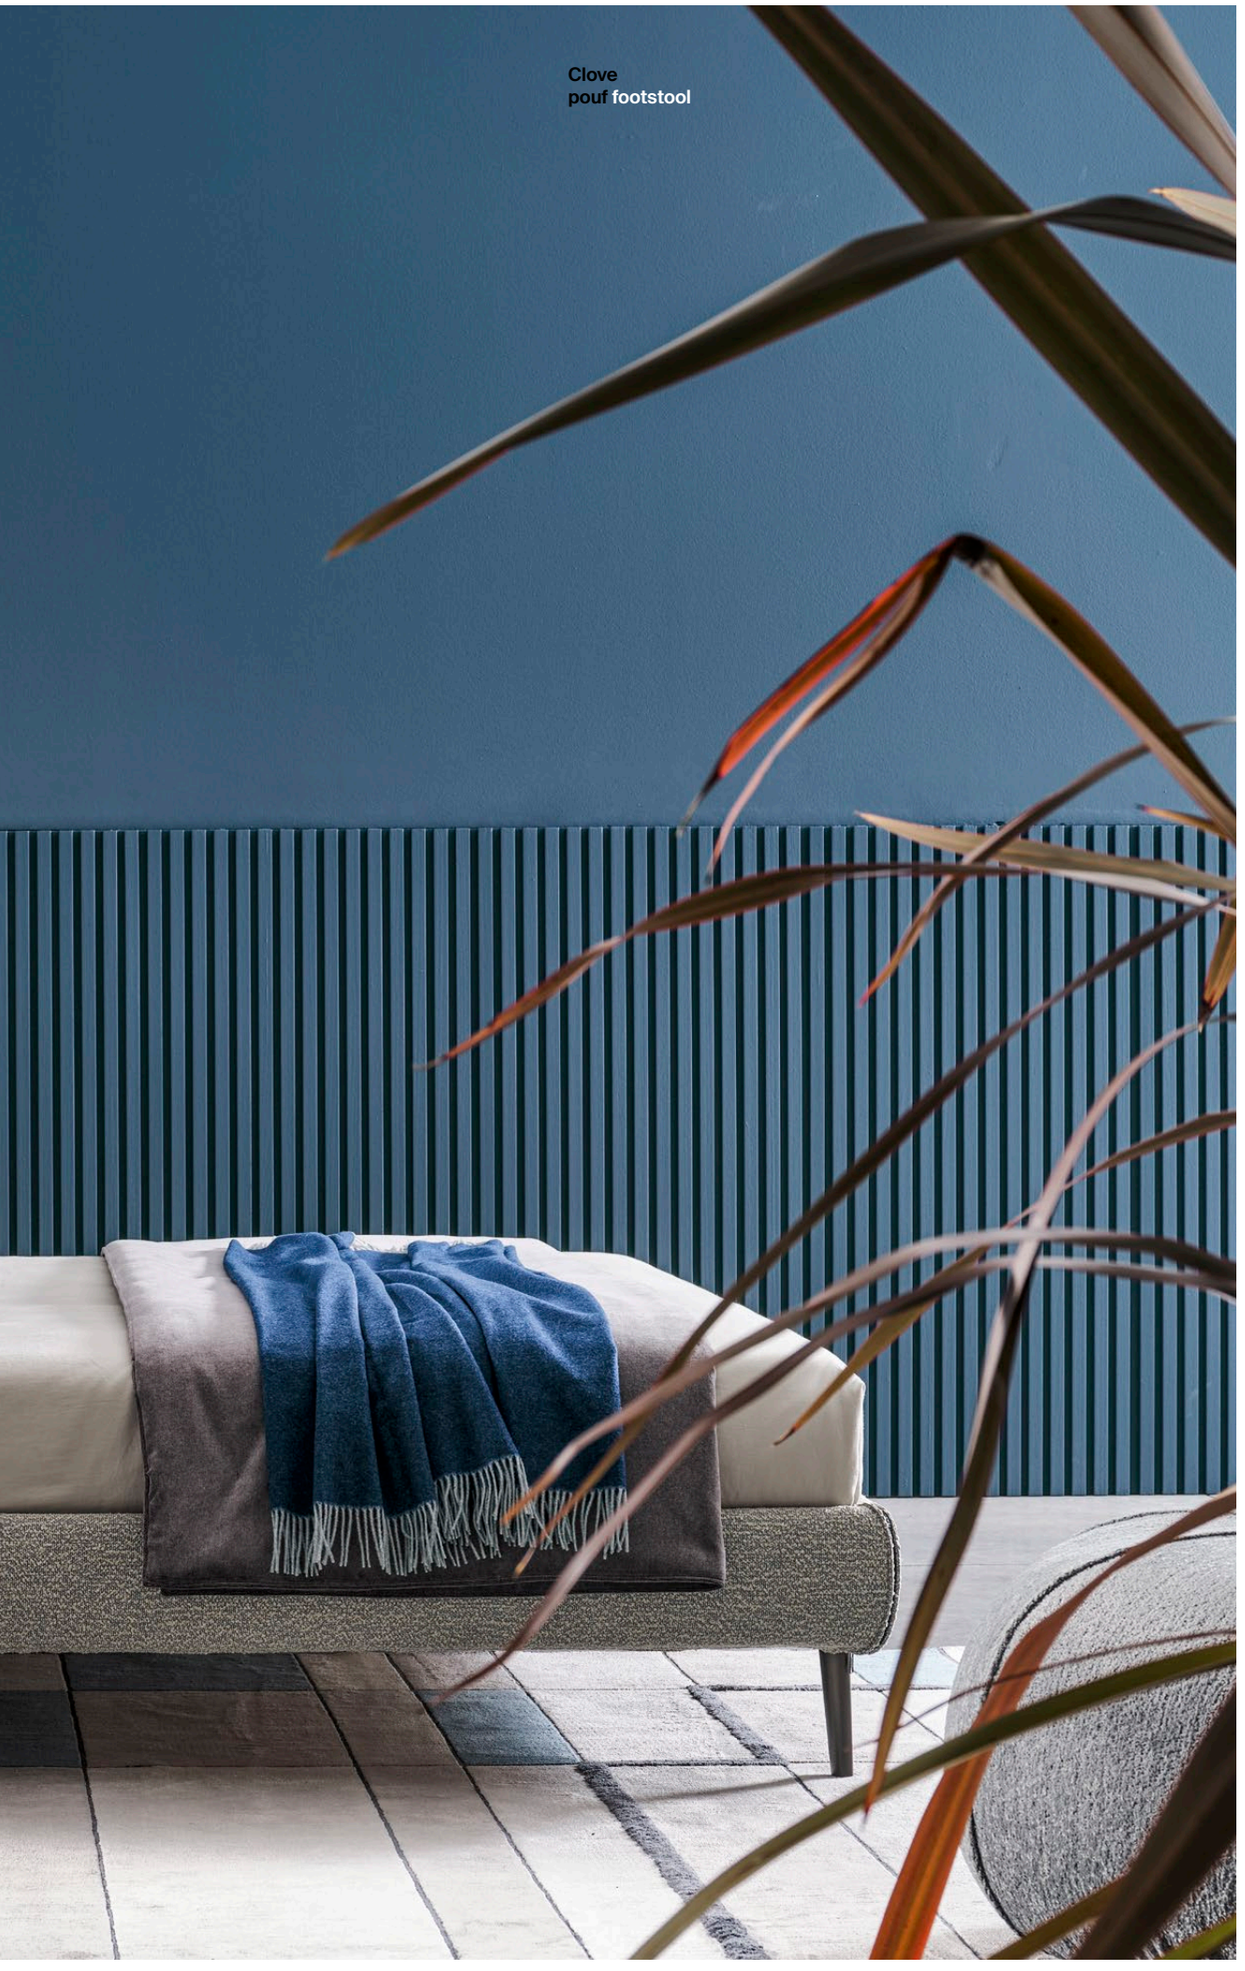

C’è un momento particolare nell’andare in barca a vela: quello in cui le vele si tendono senza gonfiarsi troppo assicurando un’andatura veloce e costante. Ludovica e Roberto Palomba ne hanno colto la geometria e l’hanno usata per creare la medesima tensione formale sulla testiera di Sail. Lo spessore sottile e leggero si incurva in una forma dinamica: una riflessione formale raffinata che il rigore del giroletto definisce in un progetto molto moderno, adatto a spazi contemporanei.

There’s a moment when you’re out sailing, when the sails pull tight without billowing too much, setting a swift and steady speed. Ludovica and Roberto Palomba have captured this shape and used it to create the same elegant tension on the headboard of Sail. Slender and light, it curves to form a dynamic shape which, together with the essential bedstead, gives the product modern appeal and looks perfectly at home in a contemporary room.

design
R&D Twils

Un letto dalle geometrie solide e dalle proporzioni generose. Un classico che celebra l'icona del letto imbottito, con un giroletto ampio, quasi ad affondare nel pavimento. I piedini adottano una geometria altrettanto definita sulla parte anteriore, un tronco di cono che rilancia l'idea di stabilità. Una scelta non casuale che contribuisce a definire un insieme radicato, forte, bilanciato dalla semplicità delle linee e dai profili smussati della testiera. Max è un letto che accoglie il corpo e lo invita ad abbandonarsi fiducioso al riposo.

A bed with solid lines and generous proportions. A classic which personifies the upholstered bed, with a bedstead that's both deep and low, almost disappearing into the floor. The front of the feet, with their well-defined, truncated, cone shape, emphasize the bed's stability. The choice of foot is anything but casual and adds to the strong and sturdy impression conveyed by the bed, while the uncluttered lines and the rounded profile of the headboard provide the perfect balance. L’ispirazione è quella delle forme sinuose e arrotondate dello stile Decò. Il lusso dei dettagli, la concessione della morbidezza, il piacere del bel vivere e di riscoprire ogni giorno un oggetto elegante e magistralmente costruito. In questa nuova versione Carnaby è una sintesi contemporanea ed equilibrata di forme e materiali. I piedini in legno hanno un taglio sottile e leggero, il giroletto è imbottito e la testiera flessuosa. Ovunque su questo letto è visibile il lavoro della mano dell’uomo e un uso impeccabile delle competenze sartoriali di Twils.

The inspiration for this bed is the rounded and flowing shapes of Art Deco. The luxurious details, the indulgent softness, the pleasure of comfortable living and coming home every day to a stylish and beautifully crafted piece of furniture. The new version of Carnaby is a contemporary and well-balanced synthesis of shapes and materials. The wooden feet are slim and light, the bedstead is upholstered and the headboard has a gracefully rounded contour. Every detail of this bed is a celebration of man’s skill and Twils’s flawless sartorial craftsmanship.

La maestria artigianale di Twils si rivela nel letto Carnaby: la sagoma sinuosa della testiera e la curva cesellata dei piedi in legno sono il segno della tradizione manifatturiera italiana.

La curva della testiera crea una tensione dinamica su uno spessore ridotto al minimo. Per bilanciare, due cuscini sospesi sui punti di appoggio, anch'essi sottili, discreti e morbidi quel tanto che basta per essere davvero comodi. SP2802 è un letto con un target giovanile, moderno. Logan è un letto moderno, che arreda la camera con stile ed eleganza. È caratterizzato da un sommier estremamente sottile come un tappeto volante, contrapposto alla morbidezza dei due maxi cuscini/testiera indipendenti, visivamente sospesi ma saldamente agganciati alla struttura. Il letto poggia su due tipi di piedi, una versione decisamente ardita con piatta in acciaio inclinata a enfatizzare il concetto di leggerezza, l'altra più essenziale caratterizzata da generosi dischi.

Logan is a modern bed that furnishes any room with style and elegance. It features an ultra-thin base, resembling a magic carpet, which contrasts with the softness of the two oversized individual headboard cushions, which appear suspended despite being firmly attached to the frame. The bed is available with two different feet types: one decidedly bold, made of angled steel plate to emphasise the concept of lightness, the other more essential, characterised by a vertical tubular shape resting on large discs.

Un progetto molto contemporaneo che combina una testiera morbida e decostruita a un giroletto con gonna oppure teso. Piedini di legno spuntano dal tessuto in fibra naturale che ricopre il sommier. Rigore, essenzialità e la cucitura pizzicata della testiera rendono il tutto ancora più attuale.

Un letto con un carattere stilistico che non passa inosservato. La testiera abbondante si apre oltre la misura del giroletto. La curva posteriore è un esercizio di equilibrio formale: leggera, appena accennata, corregge l'inclinazione dell'appoggio e alleggerisce la presenza di una testiera alta e importante. Un'impuntura profonda crea un movimento elegante sulla superficie. Un semplice segno grafico che sottolinea la presenza e la matericità dell'imbottitura. Il giroletto è disponibile in due misure.

A bed with an aesthetic that will have heads turning. The large headboard is wider than the bedstead and soars upwards. The bend at the back is designed to give balance, as it rises upwards and outwards, barely visible, then straightens out again, so the high, imposing headboard does not overwhelm the bed. Deep stitching accentuates the bend and adds a touch of elegance to the backrest. The simple line draws attention to the presence and texture of the padding. Venus

design
R&D Twils

Un letto con progetto stilistico forte, un'alternativa originale. Il progetto di Venus si concentra nella definizione della testiera: una cornice con gli angoli smussati circonda l'imbottitura e costruisce una geometria precisa sul perimetro. Al suo interno si può scegliere fra una cuscinatura impunturata, morbida e indefinita. Oppure un capitonné leggermente più strutturato. Il giroletto alto equilibra la presenza distintiva della testiera e completa la forma in un insieme armonioso.

A bed that makes a strong style statement, an original alternative. The standout feature of Venus is the headboard: its frame with rounded edges surrounds the padding and creates a crisp, geometrical silhouette. Una testiera essenziale con una ripartizione centrale che definisce la superficie. Il sommier sfiora il pavimento, i piedini sono invisibili. Le cuciture del giroletto definiscono la solidità della geometria. Non è un letto, ma una scelta originale del proprio modo di riposare.

For anyone who loves soft-looking beds. Ada is a classic, an icon in a class of its own. The generous bedstead, which is wider than the mattress, is cosy and inviting. The minimalist headboard, divided into two down the middle, defines the surface. The base almost touches the floor, the feet are invisible. The stitching on the bedstead emphasizes the solidity of the design. This isn't a bed, it's a statement about how you sleep.

Il taglio definisce la superficie della testiera, la separa, per ricongiungersi sul giroletto. Il letto si trasforma in un oggetto da ammirare da ogni punto di vista.

The cut defines the surface of the headboard, separates it, to rejoin where it meets the bedstead. The bed becomes a piece to be marvelled at from every standpoint.

Il sommier ridotto nello spessore sottolinea il taglio grafico della testiera. Per un oggetto definito da linee che si intersecano lungo le cuciture e sui perimetri del letto.

The minimalist base emphasizes the headboard's linear cut. Creating a piece defined by lines that intersect along the seams and on the bed's outer perimeters.

Thomas

design
R&D Twils

Una leggera curva slancia la testiera di Thomas, inclinando il piano di appoggio quel tanto che basta per diventare un invito, un suggerimento al relax. Le cuciture parallele sono un'interpretazione contemporanea di un pattern classico, il giroletto ha uno spessore contenuto che rilancia un'espressione minimale di decoro. Thomas è un letto disegnato per reinterpretare uno stile intramontabile, capace di essere discreto eppure presente.

The headboard on the Thomas bed arches backwards slightly, adding to the impression of lightness and reclining the backrest just enough for you to lie back and relax. The parallel stitching is a contemporary take on a classic pattern, while the narrow bedstead emphasizes the minimalism of the style.
The Thomas bed is a reinterpretation of a timeless style that's discreet yet still makes a statement.

Il velluto rende qualsiasi superficie morbida, invitante. In un letto come Thomas è un suggerimento a concedere tempo al senso del tatto, a indulgere, ad accarezzare.

Velvet makes any surface soft and inviting. In a bed like Thomas, one should allow time to feel, to indulge, to caress.

Tommy

design
R&D Twils

Un letto lussuoso che si ispira alla memoria e ne restituisce una versione moderna. Il gesto progettuale è sulla sinuosa curva della testiera, sulla forma avvolgente, sulle proporzioni impeccabili fra un giroletto e una base inaspettatamente sottile. Per un letto davvero classico, importante, è da scegliere un rivestimento in pelle. Se invece si vuole una versione più contemporanea, sono da preferire i tessuti dai colori accesi del catalogo Twils.

This luxurious bed takes us back in time but still has contemporary appeal. The highlight of this bed is the curved headboard, its embracing shape and the ideal proportions between the oversized bedstead and the surprisingly narrow base. If it's the classic look you're after, choose leather upholstery. For a more contemporary look, on the other hand, choose fabrics in vibrant, unusual colours from the Twils catalogue.

Ritrovare le forme avvolgenti e sontuose del passato, corrette da un lavoro di design puntuale, preciso, che razionalizza le curve e sottolinea la fluidità dei volumi.

Frick

design
Meneghello Paolelli Associati

Un giroletto semplice e definito sfiora il pavimento. Una testiera che è un gioco di piani sovrapposti, di quinte disallineate come in certe scenografie del teatro giapponese. Una struttura volutamente essenziale dagli ingombri contenuti che concede il lusso di un appoggio sfoderabile, alto sulla testiera a formare una visione ultra contemporanea dedicata a un pubblico giovane. Frick è un letto dalle forme asciutte e leggere.

The bedstead is simple and well-defined, almost touching the floor. The headboard creates an overlapping effect, of unaligned wings like those found in Japanese theatre sets. The structure is deliberately simple and the proportions restrained, enabling the luxury of a loose cover backrest which sits up against the headboard and gives the bed an ultra-contemporary look for a young clientèle. Frick has clean, light lines.

An infinite range of colours and a wide array of textures are available to customize Frick's headboard cushions, chosen to create a harmonious fusion or a wild contrast of colours and fabrics.

Medea

design
R&D Twils

Medea è un letto da favola, nel senso più preciso del termine. La sagoma della testiera ricorda le forme lussuose di ambienti principeschi, tradotte in uno stile più semplice e moderno. La memoria torna inevitabilmente a immagini fiabesche, all'eleganza sontuosa di letti che sembrano esistere solo nella fantasia. Medea è per i romantici, per chi vuole sentirsi un re o una regina almeno nei sogni.

Medea is a fairy-tale bed, perfect for any veritable prince or princess. The contours of the headboard are evocative of the luxurious forms found in princely settings, transformed into a simpler, more modern style. The memory inevitably returns to fairy-tale images, to the sumptuous elegance of beds that seem only to exist in the imagination. Medea is for romantics, for those who want to feel like a king or a queen, even if just in their dreams.

structure
fabric Gloss C10

Si può immaginare Medea in una versione romantica, in colori tenui e texture vellutate. Oppure in una versione più ironica, con cromie piene e luminose.

It's not difficult to envisage a romantic version of Medea, with soft colours and velvety textures. Or perhaps a little more playful, with bold, bright colours.

Giselle

design
R&D Twils

Una struttura rigorosa ingentilita dalla cuscinatura che copre la testiera e si allaccia con due bottoni sui lati. Una soluzione inaspettata per ammorbidire le forme, giocare con il volume e le proporzioni, aggiungere un dettaglio sartoriale. Giselle è un letto da interpretare: più essenziale la versione con giroletto che lascia intravedere i piedi a tronco di cono. Più ricercato il giroletto con rivestimento a gonna che scende fino a terra.

A solid structure softened by cushions that cover the headboard and are fastened via their two elegant side buttons. A surprising solution to soften the forms, play with volumes and proportions, and to add a touch of sartorial detail. Giselle is a bed to be interpreted: the more essential version comes with a bedstead that allows a sneaky glimpse of the truncated cone feet. The bedstead on the more sophisticated version has a valance that descends all the way to the floor.

structure
fabric Eden A64

Una testiera ricoperta da due cuscini ripiegati e fissati con un’asola, chiusi sui lati da due macro bottoni decorativi. Una soluzione formale intelligente che combina estetica e razionalità.

The headboard is covered by two folded cushions held in place by an eyelet and closed via two large, elegant buttons on the sides.

Da sempre tutta la notte ha appuntamento col giorno.

Since the beginning of time all night long the night has a rendezvous with day.

Ma ogni notte, da sempre
è costretta ad andarsene
prima di lui.

But every night, since the
beginning of time she must
leave before him.

Jacques Prévert
