THE STORY OF SUNSET WEST

For over twenty years, Sunset West has proudly offered exceptional furnishings to the contemporary outdoor market with superior comfort, style, and quality in mind.

Founded in Southern California by President Wes Stewart, Sunset West carries on a family legacy in fine furnishings that dates back to his grandmother's upholstery business. With impeccable attention to detail in construction, the team at Sunset West embraces and delivers on the same culture of excellence in execution that we were founded upon.

Seat height, frame depth, cushion thickness and firmness, are all uniquely specified to provide ultimate comfort. Fresh silhouettes and finishes are meticulously selected and crafted in premium materials, for enduring designs to last. To ensure longevity of our cushions, we exclusively use premium select foam cores and Sunbrella fabric, the gold standard in performance fabrics. A 10-year structural warranty backs our durable, fully welded and powder coated aluminum and iron frames.

Our HDPE resin wicker is made from premium virgin materials without fillers, and our signature all-weather rope is crafted in color-fast olefin - ensuring years of enjoyment in your Sunset West furniture.

With our distinctive collections, Sunset West designs products for a harmonious transition from indoor to outdoor spaces, bringing life outdoors with elevated looks that are an extension of the home. Our innovative approach to design via our Color Stories mixes materials, textures, styles, and fabrics for a solution tailored to each customer. These Stories create complimentary collections for seamless coordination, providing endless options for the perfectly curated living space.
